

Transportation Bulletin

Make Safe Travel Decisions

The Nebraska Department of Roads provides numerous resources to assist travelers. You and you alone are responsible for making the final decision to travel during inclement weather. The Nebraska Department of Roads is NOT responsible for the travel decisions YOU make, or for situations that occur as a result of your travel decisions.

Current Weather from National Weather Service

[Select NWS Office in North Platte](#)

[Select NWS Office in Omaha/Valley](#)

Heavy Rains can bring sudden high waters over highways – drive with caution

[Check a variety of weather links BEFORE you travel by clicking HERE](#)

**Check 511 phone and web resources below before you travel
*Adjust your speed for the conditions you are in***

[Link to Work Zone Safety Info](#) | [Link to Flood Facts and Driving Tips](#)

[Monthly Construction & Detour Report](#) – this info is also on 511

For regular travel info, check 511 by phone (511 or 800-906-9069) and follow the prompts or by web www.511nebraska.org

Use the icons on the 511 website to check for observed conditions/closures/delays.

Hover your mouse over an icon and click for details. **Remember, crews may be working the storm and not have time to enter conditions regularly-check a variety of sources before traveling.**

Or click to zoom one level and use the colored highways to determine general observed conditions for the area you will be driving in.

[Check weather links BEFORE you travel by clicking HERE](#). Look for warnings, watches and advisories.

Use a search engine to check TV, radio & newspaper sites in your travel area. Conditions can and do change rapidly. Check your resources frequently.

If you are in need of emergency roadside assistance, you can dial the Nebraska State Patrol Highway Helpline, when safe to do so at *55 on any cellular phone or 1-800-525-5555 from any landline.
