FOR IMMEDIATE RELEASE

## Maintenance Work on the Utica Link, L-80F in Seward County

Weather permitting, a chip seal project will begin the week of June 22 on L-80F, according to the Nebraska Department of Roads. Chip seal is an application of an asphalt binder to a roadway surface followed by an aggregate.

State maintenance forces will be doing a chip seal from Reference Post 0 to Reference Post 5.7 south of Utica. The work is anticipated to take two days. One-lane traffic will occur with the use of a pilot vehicle and flaggers. The speed limit through this area will be reduced to 45 mph. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
