FOR IMMEDIATE RELEASE

## US-30 Between Brady and Gothenburg to be Detoured

Weather permitting, on June 29, US-30 between Brady and Gothenburg will be closed for construction, according to the Nebraska Department of Roads. During the detour, US-30 between R.P. 200+91 and 212+76 will be open to local traffic only. All other traffic will be detoured to Interstate 80. The detour is expected to be in effect until fall 2015.

The highway improvement project consists of replacing the existing surface with a concrete overlay. New asphalt, and earth shoulders will also be constructed as part of the project.

Motorists are reminded to drive cautiously through highway construction zones.
