FOR IMMEDIATE RELEASE

Maintenance Work on L-80E, Friend to Beaver Crossing

Weather permitting, a fog seal project will begin the week of August 10 on L-80E, according to the Nebraska Department of Roads. A fog seal is oil sprayed onto the surface of a newer road to seal the fine cracks.

State maintenance forces will be doing a fog seal from Reference Post 0 to Reference Post 11.7, west of Beaver Crossing. The work is anticipated to take two days. One-lane traffic will occur with the use of a pilot vehicle and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
