FOR IMMEDIATE RELEASE

## Maintenance Work on N-41 East of Milligan

Weather permitting, a fog seal project will begin the week of August 10 on N-41, according to the Nebraska Department of Roads. A fog seal is oil sprayed onto the surface of a newer road to seal the fine cracks.

State maintenance forces will be doing a fog seal from Reference Post 36.8 to Reference Post 59.7, one mile east of Milligan to Wilber. The work is anticipated to take six days. One-lane traffic will occur with the use of a pilot vehicle and flaggers. Motorists should expect to see delays and are reminded to drive cautiously through highway work zones.
