CERTIFICATE

I, Greg A. Weinert, Public Hearings Officer for the Communication Division of the Nebraska Department of Roads, do hereby certify that on

October 13, 2011, 4:30 – 7:30 PM MDT

The State of Nebraska Department of Roads and the Nebraska State Highway Commission, under authority of Section 39-1110, Nebraska Revised Statutes, Reissue of Volume III, 1993, did conduct a Public Design Informational Meeting, in an Open House Format, at:

The Gering Civic Center, 1050 M Street, Gering, Nebraska

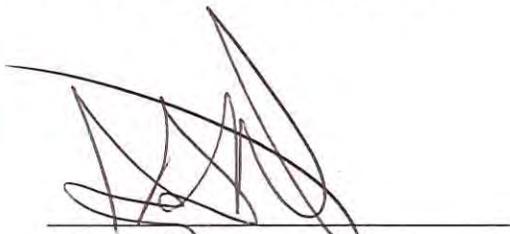

for the following project:

TCSP-71-2(112)

Heartland Expressway Corridor Development and Management Plan CN 51436

I certify that, to the best of my abilities, the accompanying material describes an accurate record of the public proceedings; that all materials provided to the public, or accurate duplicates, are documented in this report. All materials received from the public, including citizen comments received by the public hearings office within two weeks subsequent to the proceedings, are the actual documents as received or accurate duplicates or transcripts.

Witnessed by my hand and the official seal of the Nebraska Department of Roads affixed this November 3, 2011:

Greg A. Weinert
Public Hearings Officer
Nebraska Department of Roads

NEBRASKA DEPARTMENT OF ROADS
NOTICE OF HIGHWAY PUBLIC MEETING

Thursday, October 13, 2011; 4:30 – 7:30 PM MDT

Information Open House Public Meeting

Gering Civic Center, 1050 M St., Gering, NE

TCSP-71-2(112) Heartland Expressway Corridor Development and Management Plan; C.N. 51436

The Nebraska Department of Roads (NDOR) will hold a public information open house regarding preparations of a Corridor Development and Management Plan (CDMP) for the Heartland Expressway located within Nebraska. The meeting will be held in the Gering Civic Center, Thursday, Oct. 13, 2011, 4:30-7:30 P.M. MDT.

The Heartland Expressway, located between Denver, Colorado and Rapid City, South Dakota, is the middle section of the larger Great Plains International Trade Corridor that extends from Mexico to Canada. Approximately 200 miles of the Heartland Expressway's 498 miles is located within Nebraska's borders. The purpose of the project is to produce a coordinated long-term plan for future improvements to the Heartland Expressway corridor in Nebraska. This plan will include:

- A coordinated corridor development plan and schedule, including a timetable for planning and development activities, environmental reviews and permits and construction of all segments;
- The results of an environmental overview;
- An analysis of corridor costs and benefits;
- A finance plan, including potential financing methods;
- The identification of impediments to the development and construction of the corridor, including potential environmental, social, political and economic objections.

The public meeting is being held to provide information and receive input regarding this study. All citizens are invited to attend and present relevant comments and questions.

NDOR will make every reasonable accommodation to provide an accessible meeting facility for all persons. Appropriate provisions for the hearing and visually challenged or persons with limited English proficiency (LEP) will be made if the Department is notified by September 30, 2011. Notification should be submitted to: Greg Weinert, Public Hearings Officer, Nebraska Department of Roads, P.O. Box 94759, Lincoln, NE 68509-4759; greg.weinert@nebraska.gov; voice telephone (402) 479-4871, TDD telephone (402) 479-3834, Fax (402) 479-3989.

Information regarding the proposed project will be available after the meeting on the NDOR website at <http://www.roads.ne.gov/projects/heartland-exp/>

For further information, contact Randy Eldorado, NDOR Project Planning, (402) 479-4417, randy.eldorado@nebraska.gov; or Craig Lind, NDOR District Five Engineer, (308) 436-6587, craig.lind@nebraska.gov.

FOR IMMEDIATE RELEASE

Information Open House October 13 for Heartland Expressway Corridor Plan

The Nebraska Department of Roads will hold an Information Open House Thursday, October 13, regarding preparation of a Corridor Development and Management Plan (CDMP) for the Heartland Expressway located within Nebraska. The open house will be held from 4:30 to 7:30 p.m. MDT at the Gering Civic Center, 2050 M Street, in Gering.

The Heartland Expressway, located between Denver, Colorado and Rapid City, South Dakota, is the middle section of the larger Great Plains International Trade Corridor that extends from Mexico to Canada. Approximately 200 miles of the Heartland Expressway's 498 miles is located within Nebraska's borders. The purpose of the project is to produce a coordinated long-term plan for future improvements to the Heartland Expressway corridor in Nebraska.

This plan will include: A coordinated corridor development plan and schedule, including a timetable for planning and development activities, environmental reviews and permits and construction of all segments; the results of an environmental overview; an analysis of corridor costs and benefits; a finance plan, including potential financing methods; the identification of impediments to the development and construction of the corridor, including potential environmental, social, political and economic objections.

The public meeting is being held to provide information and receive input regarding this study. All citizens are invited to attend and present relevant comments and questions. Personnel from the State Department of Roads will be available to answer questions, receive comments and discuss any aspect of the plan.

Information regarding the plan will be available after the meeting on the NDOR website at <http://www.roads.ne.gov/projects/heartland-exp/>.

Public Meeting

Heartland Expressway Corridor Development and Management Plan

The Nebraska Department of Roads invites the public to an Information Open House regarding preparation of a Corridor Development and Management Plan (CDMP) for the Heartland Expressway located within Nebraska.

| | |
|---------------|---|
| Date: | Thursday, October 13, 2011 |
| Time: | 4:30 – 7:30 p.m. MDT |
| Place: | Gering Civic Center 1050 M Street Gering, Nebraska |

The Heartland Expressway, located between Denver, Colorado and Rapid City, South Dakota, is the middle section of the larger Great Plains International Trade Corridor that extends from Mexico to Canada. Approximately 200 miles of the Heartland Expressway's 498 miles is located within Nebraska's borders. The purpose of the project is to produce a coordinated long-term plan for future improvements to the Heartland Expressway corridor in Nebraska.

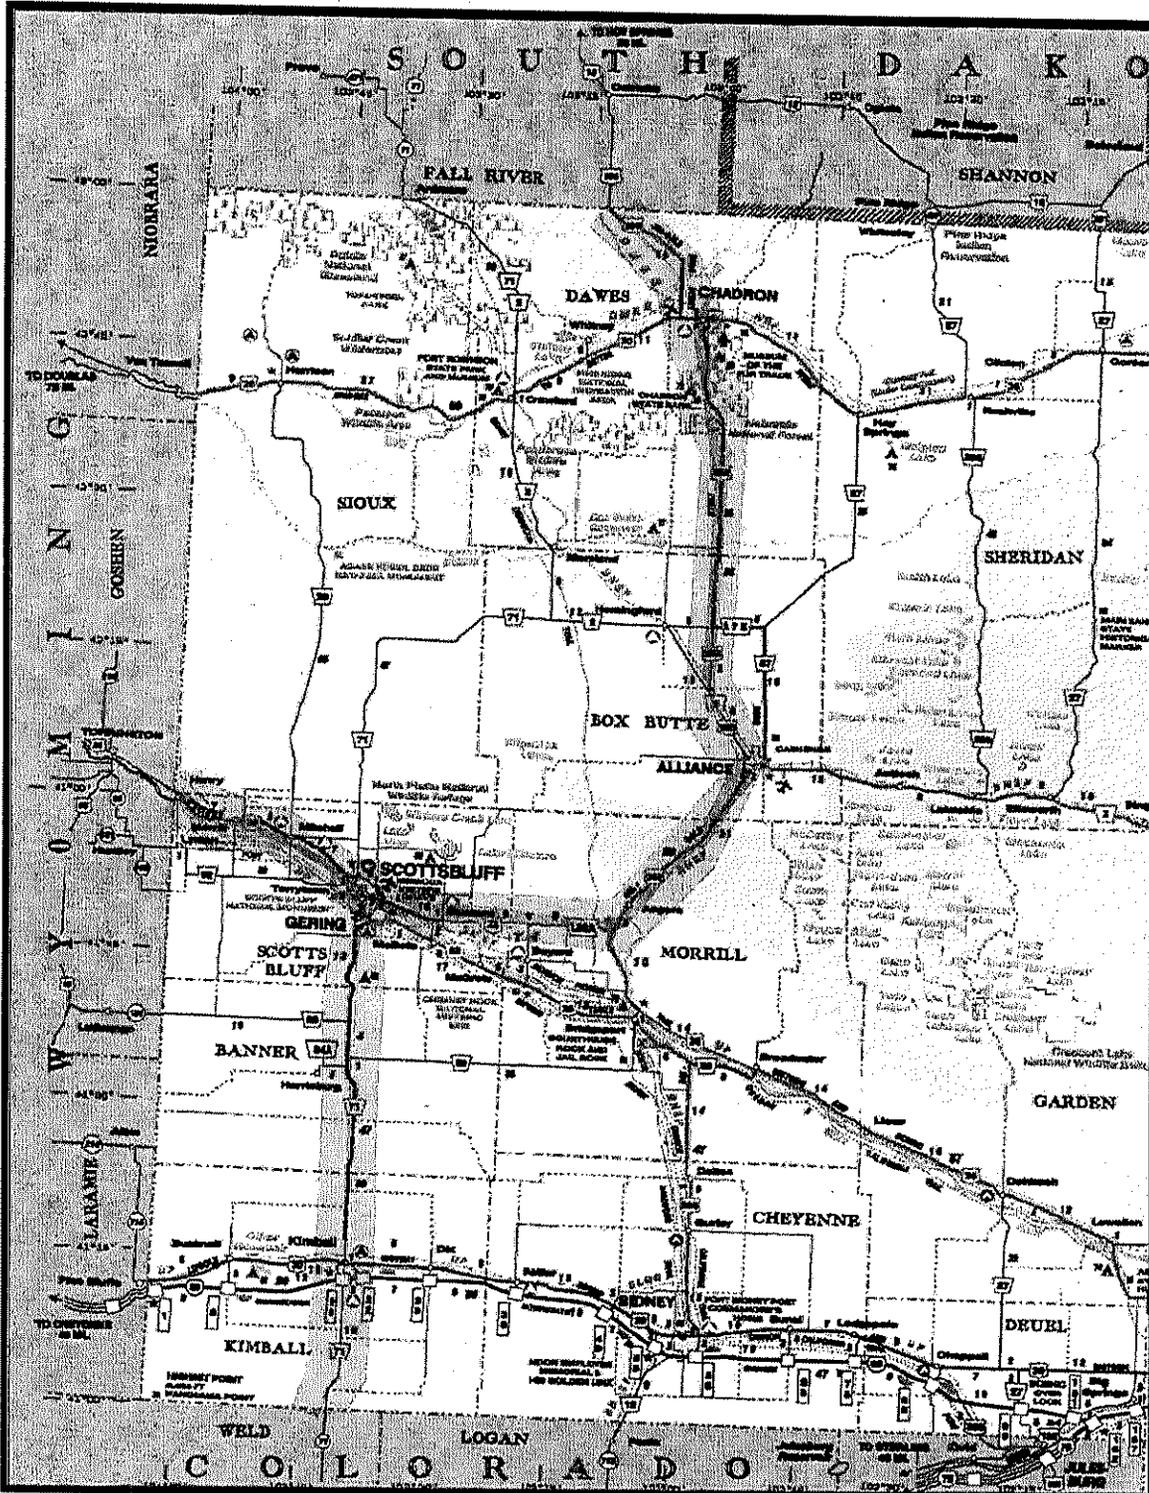

This plan will include: a coordinated corridor development plan and schedule, including a timetable for planning and development activities, environmental reviews and permits and construction of all segments; the results of an environmental overview; an analysis of corridor costs and benefits; a finance plan, including potential financing methods; the identification of impediments to the development and construction of the corridor, including potential environmental, social, political and economic objections.

Personnel from the Department of Roads will be present from 4:30 to 7:30 p.m. MDT to answer questions, receive comments and discuss any aspect of the plan. The public is urged to attend.

This flier is a public service reminder.

Public show of support essential for Heartland Expressway corridor plan

It's on us now. Following the completion of the Kimball Expressway, the state's \$88 million investment in the Panhandle, we need to push for the link to South Dakota and beyond.

The original expressway plan for Nebraska called for Scottsbluff-Gering (and other cities of similar size) to be connected to Interstate 80, which is Nebraska's transportation lifeline. The Heartland Expressway was an extension of that vision, calling for an expressway linking Colorado and South Dakota through the Panhandle. The larger vision, which has taken fire to the north and south of us, is to link agricultural and energy markets from Canada to Mexico through the central United States — commonly referred to as the Ports-to-Plains Expressway. The Kimball link completes one phase of that vision, but it's far from the last.

Tonight from 4:30 p.m. to 7:30 p.m. at the Civic Center in Gering, we'll get our first look at the proposed route and the environmental study results of the expansion of the Heartland Expressway north from Scotts Bluff County to the South Dakota border. The Nebraska Department of Roads officials and consultants will be waiting there for you and your information.

The NDOR is imploring citizens to come forward and contribute to the discussion of the route, funding, environmental impact, costs and benefits and how the corridor is to be financed. They want to know what economic development is currently under way and what resources we have that could be leveraged if the road goes in.

This meeting is not about what NDOR can do for us. It's about what we can do for ourselves and the rest of Nebraska. We have to sell the road to the NDOR, because its officials have to sell it to others.

If you can remember back to when the state proposed the expressway system in Nebraska, the primary purpose was to generate jobs and a higher standard of living for the people who live in western Nebraska.

With the wind energy boom and the discovery of oil reserves in Canada and North Dakota, the expressway project has gained higher visibility. Industries supporting oil and gas exploration, in particular, need supporting infrastructure.

NDOR Project Manager Randy EIDorado and consultants are looking to us for support and for information, practical knowledge about our economy, our environment, our plans and our vision.

It's our chance to listen and offer advice. We need to be there.

Heartland Expressway project seeking input, support

By RICK WILLIS
Staff Reporter

Longtime supporters say the completion of a Heartland Expressway depends on the public's support of the project.

A Thursday afternoon meeting in Gering will provide a sneak peek into the expressway's next stage. To gauge support, and provide up-to-date information

on its progress, Nebraska Department of Roads officials and consultants will host an open house to gather input from local residents 4:30 to 7:30 p.m. at the Civic Center in Gering.

Randy ElDorado, planning and location studies engineer for NDOR, said people can expect a lot of information at the meeting about where the project stands. The NDOR is already looking at

projected traffic numbers extending out to 2025.

"We are inventorying our findings on the presence of environmental resources such as wetlands and threatened and endangered species," ElDorado said. "We are preparing an analysis of costs to complete the corridor which includes all remaining expressway segments to Colorado, Wyoming and South Dakota borders."

ElDorado said the NDOR is coordinating with the other states involved to find out timetables for projects inside those borders, as it is important for planning purposes. ElDorado hopes for a big turnout by the public, to gather ideas and understand the level of support in the west for the completion of the project.

"We need to display what we've done and the information we've

gathered," ElDorado said. "We need to hear from them and get the public's input. We are primarily out there to gain knowledge via public input."

The NDOR is also completing and updating economic benefits of a completed expressway corridor, but that information will not be completed by Thursday.

See PROJECT, page 2A

PROJECT: Meeting 4:30 to 7:30 p.m. at Civic Center in Gering

Continued from page 1

"We've spent a lot of money on the completed part of the corridor. What do we expect to happen from an economic development impact if we complete this corridor?" ElDorado asked. "What are developing impacts and the total investment? We don't know exactly what the costs are for completing the remaining segments."

ElDorado said a big part of NDOR's economic forecast will fo-

cus on the potential of Canadian and Mexican energy development, since the Heartland Expressway is part of the Ports-to-Plains Corridor connecting all three countries.

ElDorado hopes that people in the area will come in droves and be ready to talk and offer opinions about the route or need for the Heartland Expressway. Consultants Alfred Benesch Company and AECOMM will also be in attendance to listen to concerns and opinions of the public to-

ward the project.

"We'd like people to be ready to talk about what segments we should focus on first in the completion of the expressway. What sections do they perceive of as dangerous? What do they see as busy with high traffic volumes? What growth potential do they see in Western Nebraska regarding wind energy or wind energy development?"

ElDorado also wants local information on any environmental information such as wells, established

deer crossings, wetlands or any other environmental issues of which the local population might have special knowledge.

But mostly, ElDorado says the NDOR needs to gauge the support for the project.

"We need to know if they are in support or not for a project like this," ElDorado said. "It is going to take a lot of support from the region."

ElDorado said the NDOR wants to put all the finances, benefits and

social, political and environmental impediments together to form a current snapshot of the process.

"We want to engage the public and learn what they know," ElDorado said. "If we have a good meeting I'll be completely exhausted, because people would have come by and shared with us. We'll have done a lot of talking and listening."

The meeting will be from 4:30 to 7:30 p.m. this Thursday at the Civic Center in Gering.

Event: Public Information Open House Meeting
 Project: Heartland Expressway CDMP
 Date: October 13, 2011
 Time: 4:30 -7:30 PM MDT
 Venue: Gering Civic Center, 1050 M St., Gering, NE

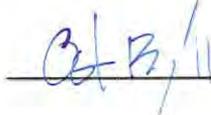

| Element | Accommodation Area | Yes | No | N/A |
|-----------------------|---|-------------------------------------|--------------------------|-------------------------------------|
| <u>Transportation</u> | Is the facility/meeting location accessible by public transportation? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | If yes, is public transportation available at the time of the meeting/training? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Evacuation</u> | Do you know the emergency evacuation plans for the meeting/training location? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Parking</u> | Does the building have accessible (<i>handicap</i>) parking spaces? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | If yes, are they at least 8' wide and have 5' aisles next to them? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Sidewalk</u> | Are there unobstructed curb ramps leading to the sidewalk (<i>walkway</i>)? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Walkway</u> | Is there a walkway from the parking lot to the building, at least 36" wide? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Does the walkway have a stable and firm surface? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | If the accessible route is different from the primary route to and through the building, can you post signs with the wheelchair symbol that show the route? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | Is the walkway level and free of steps? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | If no, is there a ramp at least 36" wide? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | If there is a ramp, does it have a gentle slop (<i>1" rise to 12" length</i>)? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| <u>Entrance/Doors</u> | Is the door at least 36" wide (<i>wide enough for a wheelchair</i>)? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Can the hardware be operated with one hand (<i>level, push plate, etc.</i>) with minimum of twisting or grasping? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Are the handles low enough to reach (<i>maximum 48" high</i>)? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Can the door be pushed open easily? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Is the threshold no more than 1/2" high and beveled? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | When a vestibule, is there a minimum of 48" between the sets of doors? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

| Element | Accommodation Area | Yes | No | N/A |
|-------------------------------|---|-------------------------------------|--------------------------|-------------------------------------|
| <u>Floors</u> | Are the floors hard and not slippery? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Is there a floor mat to dry feet and crutch tips to prevent slipping? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Corridors</u> | Is there a 36" corridor, from the entrance to where the meeting/training is held? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Is the path free of objects projecting 4" maximum into the corridor? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Elevators</u> | Is there an elevator in the facility where the meeting/training is located? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | If yes, is it a working one that is large enough for a wheelchair? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | Are the controls within reach (<i>maximum 48"</i>)? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | Do the controls have Braille? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | Is there an audible signal ringing at each floor? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| | Is there an audible two-way emergency communication system in the elevator? | <input type="checkbox"/> | <input type="checkbox"/> | <input checked="" type="checkbox"/> |
| <u>Meeting/Training Rooms</u> | Is there enough clearance around the table for a wheelchair to move? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Can the wheelchair pull under the edge of the table to sit close? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Restrooms</u> | Is there a wide, accessible path to the restroom? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Is there a toilet stall wide enough that a wheelchair can enter and close the door behind? Interior space to turn around? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Is the water closet (<i>toilet</i>) 17-19 inches high to the rim? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Can the wheelchair roll under the sink (<i>29" to the bottom</i>)? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Can the faucets be reached and turned on easily? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Are the dispensers (<i>soap, towel, etc.</i>) reachable (<i>maximum 48" high</i>)? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| | Is there a mirror at an accessible height (<i>bottom of the mirror 44" above the floor</i>)? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Fire Alarms</u> | Are there flash fire alarm signals in the building, in the meeting/training room? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| <u>Signage</u> | Is there Braille text in the signage at the facility? | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

HEARTLAND EXPRESSWAY CORRIDOR DEVELOPMENT AND MANAGEMENT PLAN PUBLIC INFORMATION MEETING

Gering Civic Center, 1050 M Street, Gering, Nebraska

Thursday, October 13, 2011 | Open House: 4:30 to 7:30 PM

Project # TCSP-71-2(112)
Control # 51436

Project Overview

The Nebraska Department of Roads (NDOR) is preparing a Corridor Development and Management Plan (CDMP) for the Heartland Expressway located within Nebraska. The Heartland Expressway is a key portion of the larger Great Plains International Trade Corridor that extends from Mexico to Canada. Approximately 200 miles of the Heartland Expressway's 498 miles is located within Nebraska's borders.

Purpose and Scope Of Work

The purpose of the project is to produce a coordinated long-term plan for future improvements to the Heartland Expressway corridor in Nebraska. This plan will include:

- A coordinated corridor development plan and schedule, including a timetable for planning and development activities, environmental reviews and permits, and construction of all segments;
- The results of an environmental overview;
- An analysis of corridor costs and benefits;
- A finance plan, including potential financing methods;
- The identification of impediments to the development and construction of the corridor, including potential environmental, social, political and economic impacts.

WELCOME!

Welcome to the first open house for the Heartland Expressway Corridor Development and Management Plan Study. The purpose of tonight's meeting is to introduce the project; share information the study team has gathered to date; and obtain input from you on issues and concerns.

The project website provides additional information:

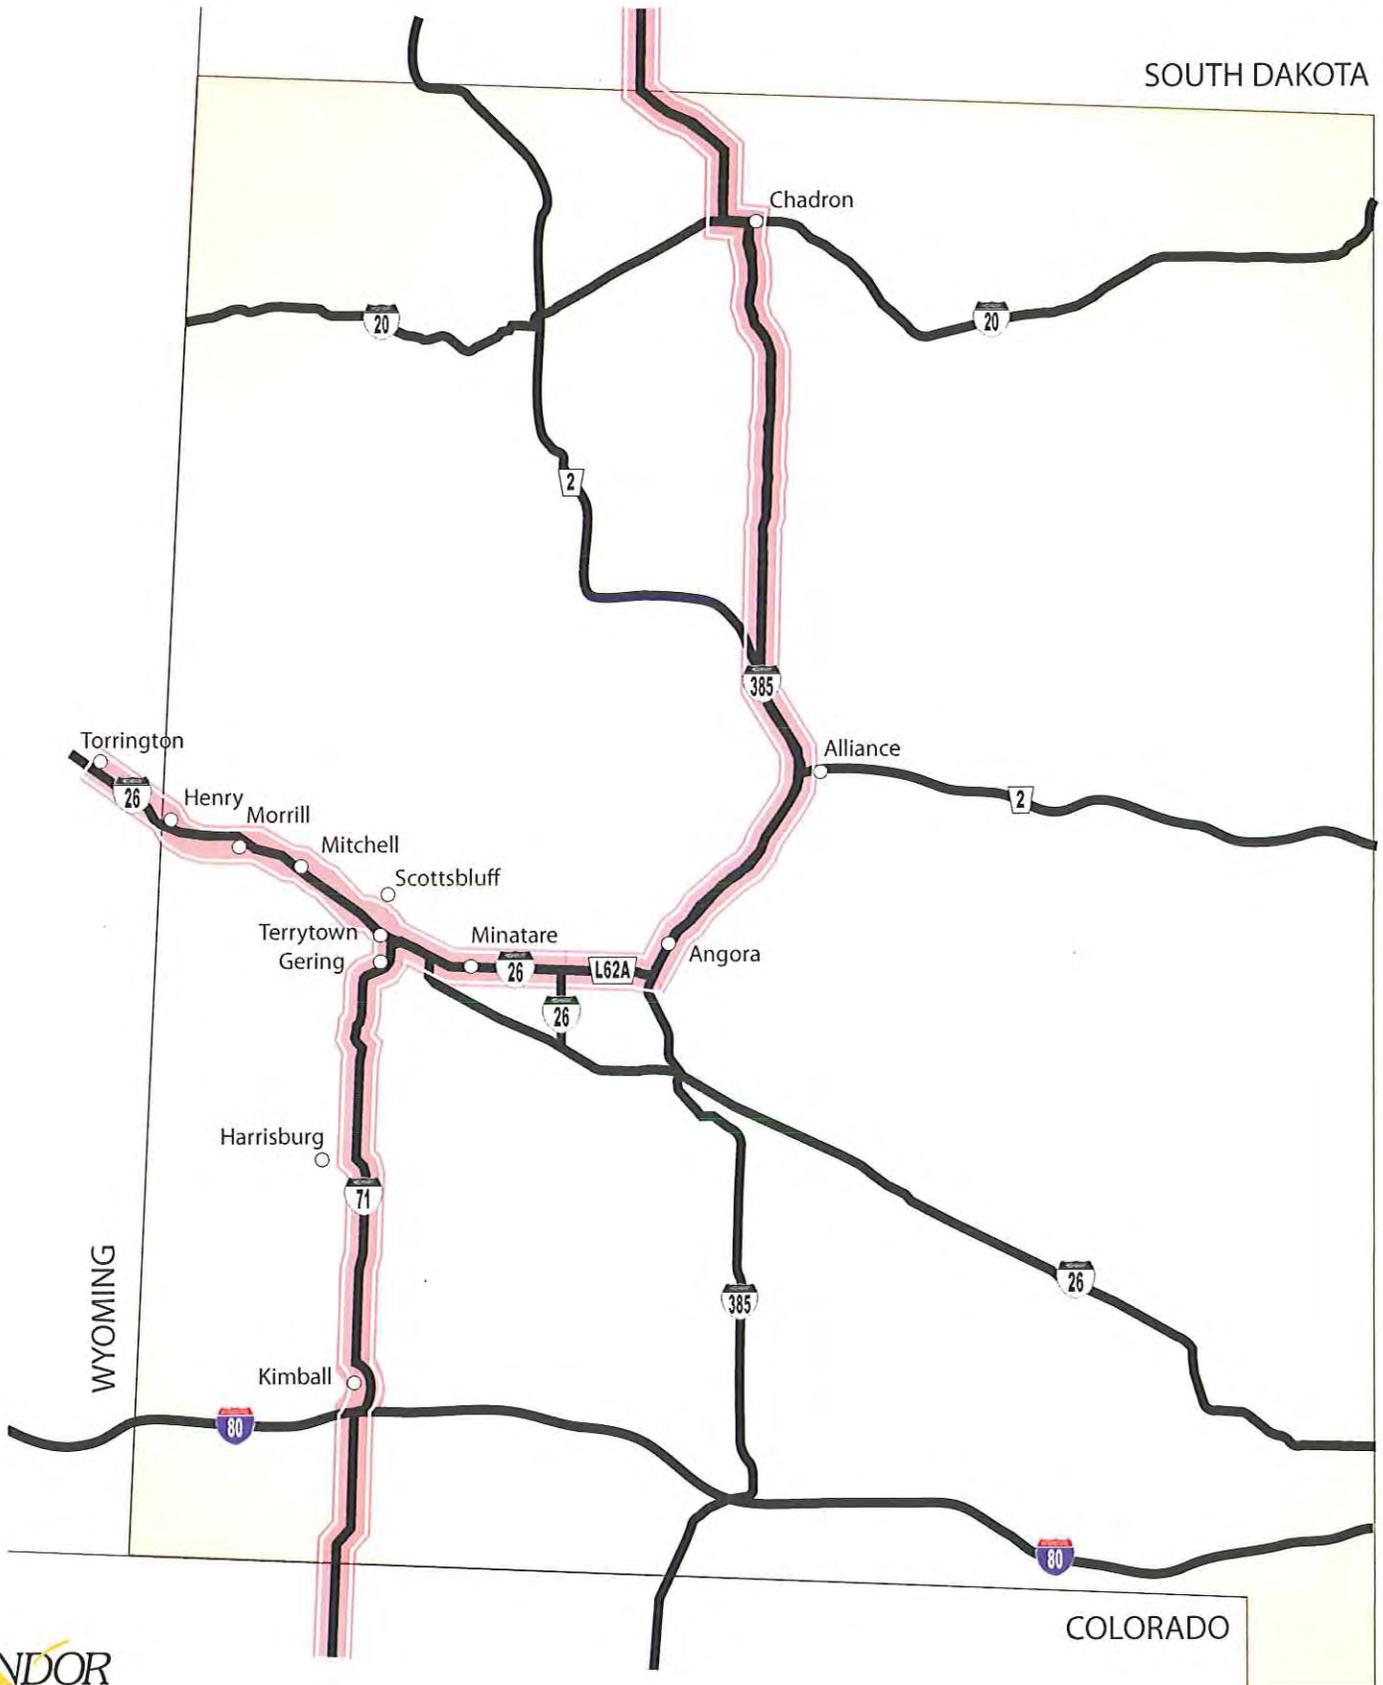

<http://www.nebraskatransportation.org/projects/heartland-exp/index.htm>

Project Corridor

HEARTLAND EXPRESSWAY

Corridor Area Detail

KEY PARTICIPANTS

The Project Manager for NDOR is Randy Eldorado.

Randy Eldorado, PE
 Nebraska Department of Roads
 1500 Highway 2
 PO Box 94759
 Lincoln, NE 68509-4759
 randy.eldorado@nebraska.gov
 (402) 479-4417
 (402) 479-4325 (Fax)

Nebraska Department of Roads is working with a team of consultants on the project. Jim Jussel from Alfred Benesch & Company (Benesch) is the consultants' Project Manager.

Jim Jussel, PE, PTOE
 Alfred Benesch & Company
 14748 West Center Road, Suite 200
 Omaha, NE 68144
 jjussel@benesch.com
 (402) 333-5792
 (402) 333-2248 (Fax)

Consulting firms AECOM and Baker & Associates, Inc. are supporting Benesch.

A project Steering Committee comprised of representatives from the NDOR and representatives from the Western Nebraska Region are also assisting the project team. The Steering Committee will provide active technical and study guidance, review project documents, and serve as a forum for making recommendations to the NDOR Project Manager.

Steering Committee Members:

Heartland Expressway Group

- John Hoehne
- Travis Hiner
- Joe Kiely

State Highway Commission

- Doug Leafgreen

NDOR

- Randy Peters, PE
- Mike Owen, PE
- Craig Lind, PE

Project Schedule

| TASK: | DATE: |
|--|------------------|
| Project Kick Off | April 2011 |
| Corridor Assessment | September 2011 |
| Public Information Meeting #1 | October 13, 2011 |
| Draft Development Plan | November 4, 2011 |
| Draft Corridor Costs and Benefits Section | January 2012 |
| Draft Finance Plan | January 2012 |
| Risk Assessment | February 2012 |
| Public Information Meeting #2 | March 2012 |
| Final Corridor Development and Management Plan | April 2012 |

How and When to Participate

This is the first of two public meetings to describe the project and obtain public input. Both meetings will be held in the Scottsbluff/Gering area. Project information and details about these meetings will be distributed during the course of the project.

The public is invited to provide input at the meetings or send comments to the project team via U.S. Mail, the project website, or via email messages.

Public comments should be directed to:

Greg Weinert
Public Hearings Officer
Nebraska Department of Roads
1500 Highway 2
PO Box 94759
Lincoln, NE 68509-4759
greg.weinert@nebraska.gov

(402) 479-3989 (Fax)

Plan de desarrollo y administración del corredor vial Heartland Expressway
REUNIÓN DE INFORMACIÓN PÚBLICA

Gering Civic Center, 1050 M Street, Gering, Nebraska

Jueves 13 de octubre 2011| Sesión abierta al público: 4:30 a 7:30 PM

Proyecto # TCSP-71-2(112)
 Control # 51436

Perspectiva general del proyecto

Nebraska Department of Roads (NDOR) está preparando un plan de desarrollo y administración de corredor vial (CDMP) para la carretera Heartland Expressway ubicada dentro de Nebraska. La carretera Heartland Expressway es una porción clave del Corredor comercial internacional Great Plains más grande que se extiende desde México hasta Canadá. Aproximadamente 200 millas de las 498 millas de la carretera Heartland Expressway están ubicadas dentro de los límites de frontera de Nebraska.

Propósito y alcance del trabajo

El propósito del proyecto es producir un plan coordinado a largo plazo para mejoramientos futuros al corredor vial Heartland Expressway en Nebraska. Este plan incluirá:

- Un plan y programa coordinado de desarrollo del corredor vial, incluyendo plazos para actividades de planificación y desarrollo, revisiones y permisos ambientales, y construcción de todos los segmentos;
- Los resultados de un estudio de impacto en el medio ambiente;
- Un análisis de los costos y beneficios del corredor;
- Un plan de finanzas, incluyendo métodos potenciales de financiación;
- La identificación de impedimentos al desarrollo y construcción del corredor, incluyendo el impacto ambiental, social, político y económico.

¡BIENVENIDOS!

Bienvenidos a la primera sesión abierta al público para el estudio del plan de desarrollo y administración del corredor Heartland Expressway. El propósito de la reunión de esta noche es presentar el proyecto; compartir información que el equipo del estudio ha reunido hasta la fecha; y obtener participación de ustedes sobre problemas e inquietudes.

El sitio web del proyecto provee información adicional:

<http://www.nebraskatransportation.org/projects/heartland-exp/index.htm>

PARTICIPANTES principales

El Responsable Profesional del proyecto para NDOR es Randy Eldorado.

Randy Eldorado, PE
Nebraska Department of Roads

1500 Highway 2
PO Box 94759

Lincoln, NE 68509-4759
randy.eldorado@nebraska.gov
(402) 479-4417
(402) 479-4325 (Fax)

Nebraska Department of Roads trabaja con un equipo de consultores y asesores en el proyecto. Jim Jussel perteneciente a Alfred Benesch & Company (Benesch) es el Responsable consultor del proyecto por parte de los consultores.

Jim Jussel, PE, PTOE Alfred
Benesch & Company

14748 West Center Road, Suite 200
Omaha, NE 68144
jjussel@benesch.com
(402) 333-5792
(402) 333-2248 (Fax)

Además de la participación de las firmas consultoras AECOM y Baker & Associates, Inc. en apoyo a Benesch.

Un Comité de Veedores del Proyecto formado por representantes de NDOR y representantes de la Región Occidental de Nebraska asistirán también al equipo del proyecto. El Comité de Veedores proveerá orientación técnica y de estudio activas, revisión de documentos del proyecto, y servirá como un foro canalizador para hacer recomendaciones al Responsable Profesional de NDOR del Proyecto.

Miembros del Comité Directivo:

Grupo Heartland Expressway •

- John Hoehne
- Travis Hiner
- Joe Kiely

Comisión Estatal de Carreteras

- Doug Leafgreen

NDOR

- Randy Peters, PE
- Mike Owen, PE
- Craig Lind, PE

**PUBLIC INFORMATION
MEETING**

**Heartland Expressway
Corridor Development and Management Plan**

NDOR
Nebraska
Department of Roads

4:30 - 7:30 PM MDT | October 13, 2011 | Gering, Nebraska

Welcome to the Nebraska Department of Roads public information meeting for the Heartland Expressway Corridor Development and Management Plan.

What is the Heartland Expressway Corridor?

**Part of the planned
“Ports to Plains Alliance Corridor”**

From Canada to Mexico

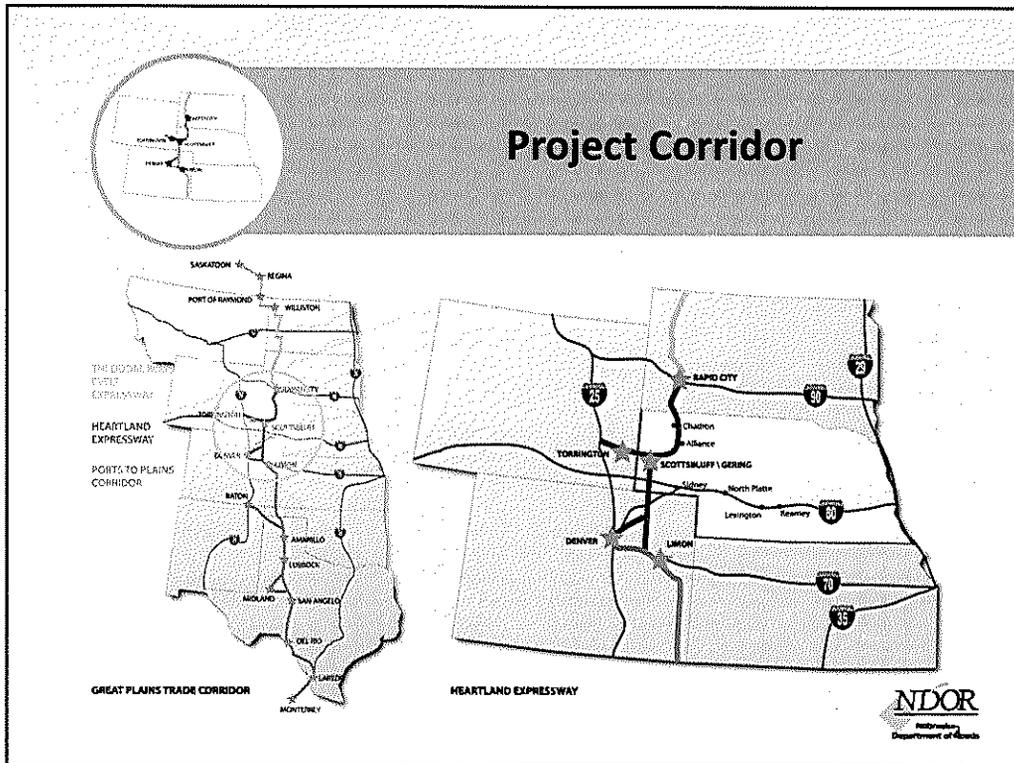

North Theodore Roosevelt Expressway
 Central Heartland Expressway Corridor
 South Ports to Plains Corridor

NDOR
Nebraska
Department of Roads

“The Heartland Expressway Corridor is one of three components of the overall Ports to Plains Alliance Corridor that would provide a new high speed, high volume corridor from Canada to Mexico. The Heartland Expressway Corridor connects interstate highways 25, 70, 80 and 90 located in South Dakota, Nebraska, Colorado and Wyoming. The Heartland Expressway is also federally designated as a “High Priority Corridor”, enabling certain types of federal funding. However, the most recent highway authorization act, SAFETEA-LU, did not provide any new funds for this corridor.

(revised)

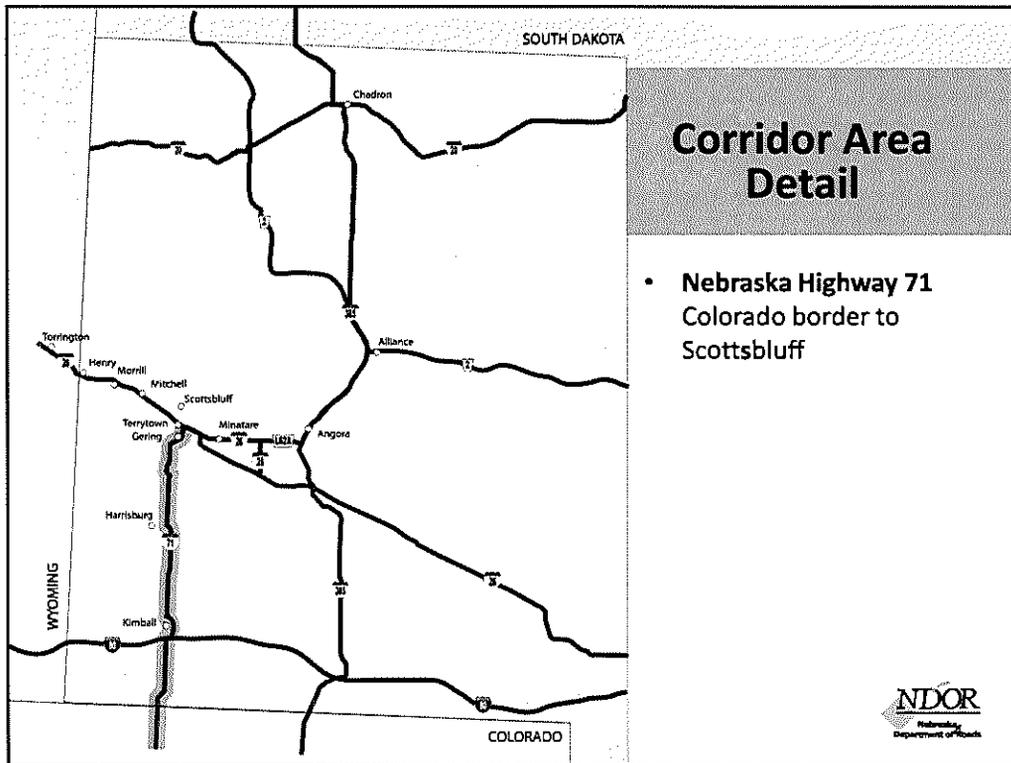

The Heartland Expressway Corridor is one of three components of the overall Ports to Plains Alliance Corridor that would provide a new high speed, high volume corridor from Canada to Mexico. The Heartland Expressway Corridor connects interstate highways 25, 70, 76, 80 and 90 located in South Dakota, Nebraska, Colorado and Wyoming. The Heartland Expressway is also federally designated as a “High Priority Corridor on the National Highway System (NHS)”, enabling certain types of federal funding. However, the most recent highway authorization act, referred to as SAFETEA-LU, did not provide any new funds for this corridor.

The portion of the Heartland Expressway located within the State of Nebraska is the focus of this meeting and is a current Nebraska Department of Roads study. This map displays the Heartland Expressway Corridor's connections to I-70 in Colorado, I-25 in Wyoming, I-80 at Kimball Nebraska, and I-90 in South Dakota.

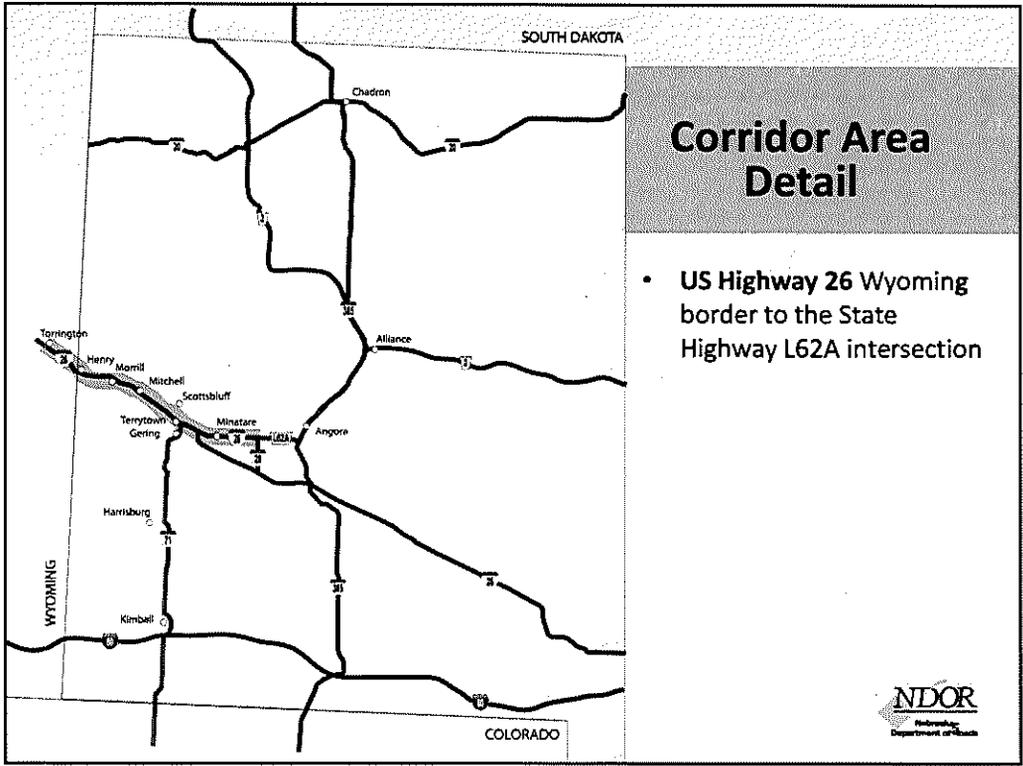

(revised)

The portion of the Heartland Expressway located within the State of Nebraska is the focus of this meeting and is a current Nebraska Department of Roads study. This map displays the Heartland Expressway Corridor's connections to I-70 and I-76 in Colorado, I-25 in Wyoming, I-80 at Kimball Nebraska, and I-90 in South Dakota.

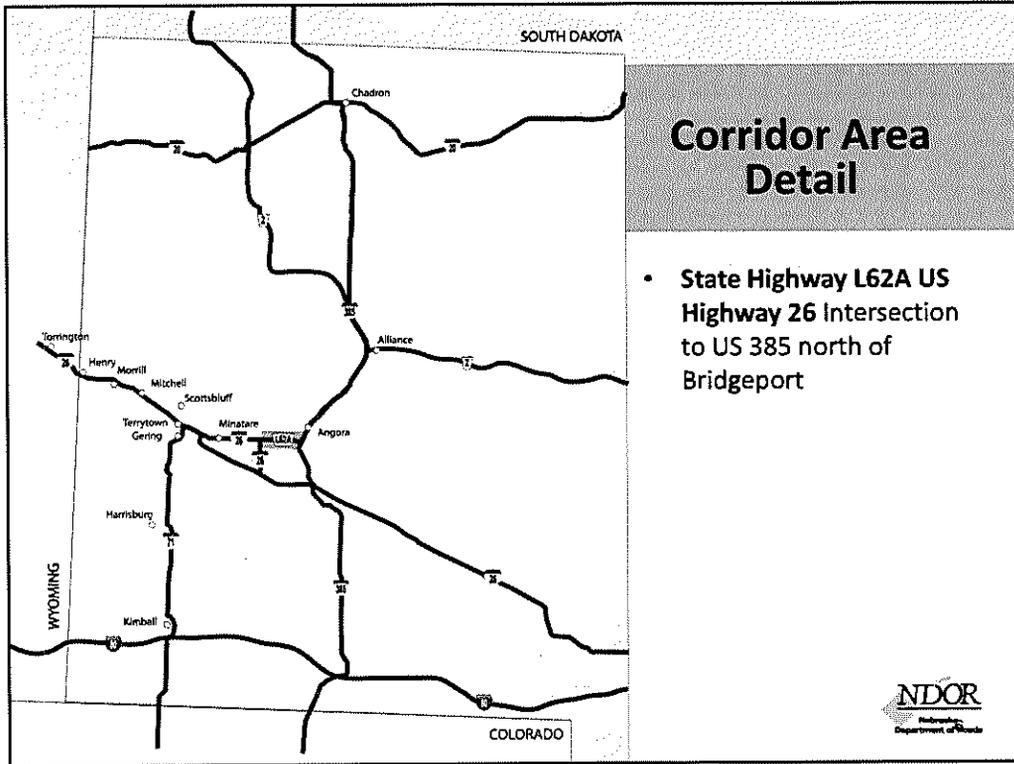

The Heartland Expressway Corridor involves the following primary roadways in Nebraska:

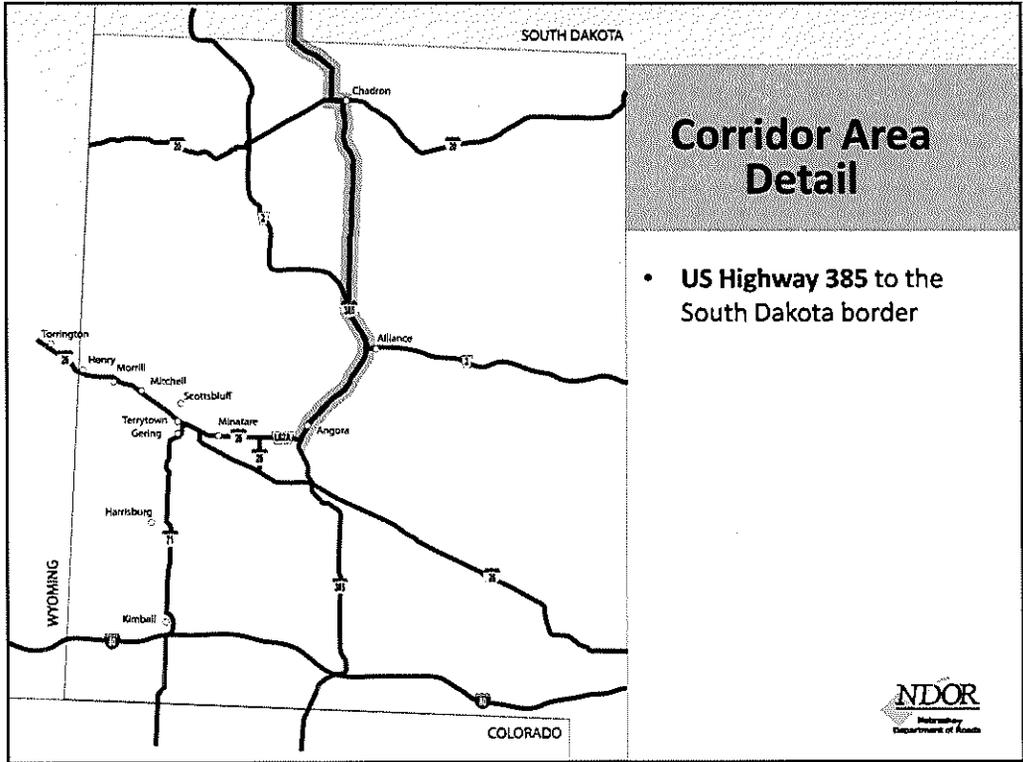

- Nebraska Highway 71 from the Colorado border to Scottsbluff

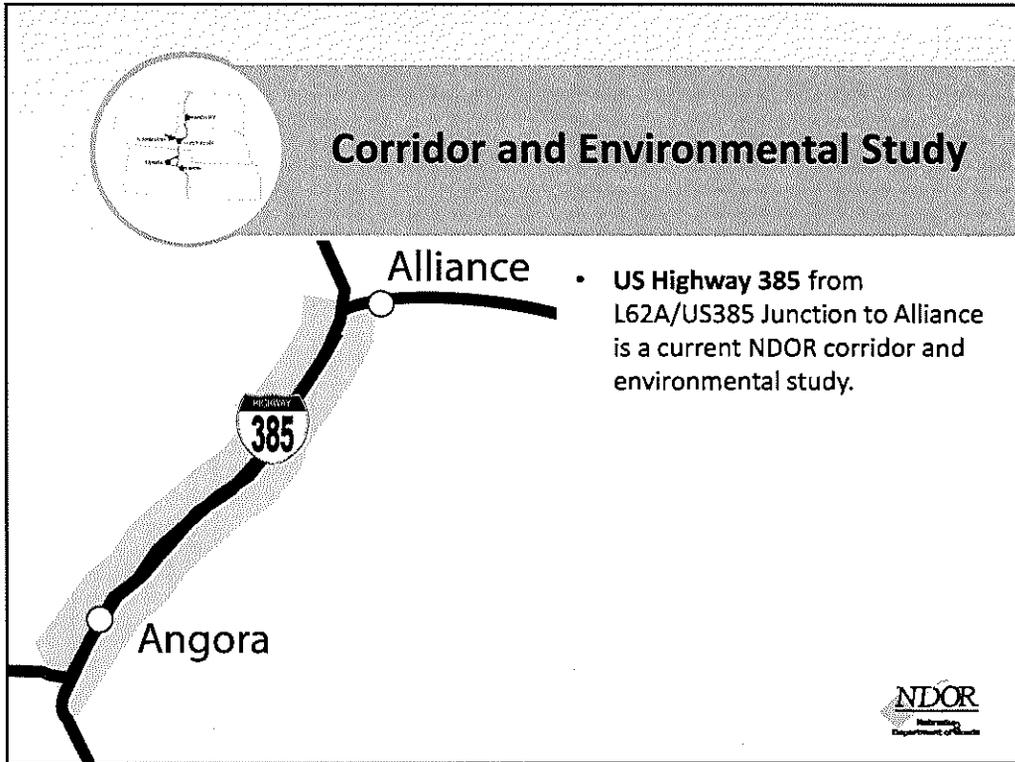

•US Highway 26 from the Wyoming border to the State Highway L62A intersection

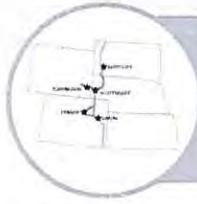

- State Highway L62A from the US Highway 26 Intersection to US 385 north of Bridgeport

- US Highway 385 to the South Dakota border

Additionally, the Department of Road is performing a corridor and environmental study on the segment of the Heartland Expressway on U.S. 385, located between the L62A/U.S. 385 Junction and Alliance, Nebraska.

Why is NDOR studying the Heartland Expressway Corridor?

1

To support a cooperative nationwide corridor planning and development program.

2

To develop a comprehensive “**Corridor Development and Management Plan**” for the Nebraska portion of the corridor.

The national planning program for the Ports to Plains Alliance Corridor is designed to enhance the National Highway System (NHS) providing a continuous upgrade from Canada to Mexico. NDOR is supporting this effort by preparing a Corridor Development and Management Plan for the portion of the Heartland Expressway located within Nebraska.

What will the Corridor and Management Plan do?

- Define needs
- Identify issues and requirements
- Establish planning level costs
- Establish priorities
- Develop a schedule
- Identify funding

The Corridor Development and Management Plan would:

Define future improvement needs within Nebraska

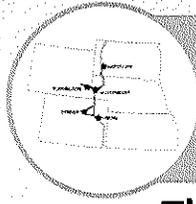

Identify key issues and process requirements

Establish individual and overall cost estimates for planning purposes

Establish investment priorities

Develop a schedule for further planning, design and construction tasks, and

Identify funding opportunities for the future improvement program

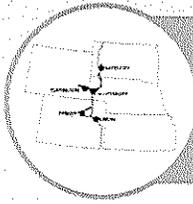

What is the NDOR team planning to accomplish at this public meeting?

The NDOR team is hosting this meeting to:

- Share information
- Obtain input
- Encourage discussion

The NDOR project team is hosting this meeting to share available information with the public, obtain public input on project issues and decision-making considerations, and to encourage ongoing dialogue between the project team and the public to ensure that the project process and outcomes reflect community and regional input and values

Study Team

NDOR

- Randy ElDorado, PE

Benesch

- Jim Jussel, PE, PTOE

AECOM

- Alan Eckman, PE, PTOE

Baker & Associates

- Jack Baker, PE

The study team for the Heartland Expressway corridor development and management plan consists of:

Randy ElDorado with the Nebraska Department of Roads and a consultant team consisting of Jim Jussel from Alfred Benesch & Company, Alan Eckman with AECOM, and Jack Baker from Baker & Associates.

Steering Committee

Steering Committee

Heartland Expressway Group

- John Hoehne
- Travis Hiner
- Joe Kiely

State Highway Commission

- Doug Leafgreen

NDOR

- Randy Peters
- Mike Owen
- Craig Lind

A steering committee was developed to provide technical review and guidance for the Heartland Expressway Corridor Development and Management Plan. The Steering committee members include John Hoehne, Travis Hiner and Joe Kiely from the Heartland Expressway Group, Doug Leafgreen from the State Highway Commission, and Randy Peters, Mike Owen and Craig Lind from the Nebraska Department of Roads.

greg.weinert@nebraska.gov

NDOR welcomes your input and encourages you to provide your comments and input. Your comments can be submitted on the project comment sheet or you can send a letter or an email message to NDOR.

What steps are being taken now?

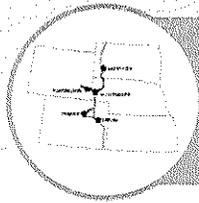

The team is evaluating:

- Economic Development
- Community Growth
- Improvement Needs
- Roadway Conditions
- Traffic
- Environmental Review
- Opportunities and Constraints

The project team is currently evaluating

- Community Growth and Economic Development
- Past, Present and Future Traffic Conditions
- Existing Roadway Facility Conditions
- Improvement Needs to Address Safety and Capacity Issues
- Corridor Enhancement Opportunities and
- Community, Social, and Environmental Constraints

How are economic development considerations and economic impacts of roadway investments being considered?

- Coordination with Industry Leaders
- Research and Evaluation of a Multi-State Economic Influence Area in terms of:
 - Population and Economic Trends and Forecasts
 - Rail and Truck Freight Growth
 - Major Industrial Activities
 - Economic Benefits from Roadway Infrastructure Investments
- Development of Forecasts

The project team is gathering information and working with industry leaders to understand existing and emerging economic growth opportunities within the area surrounding the Heartland Corridor.

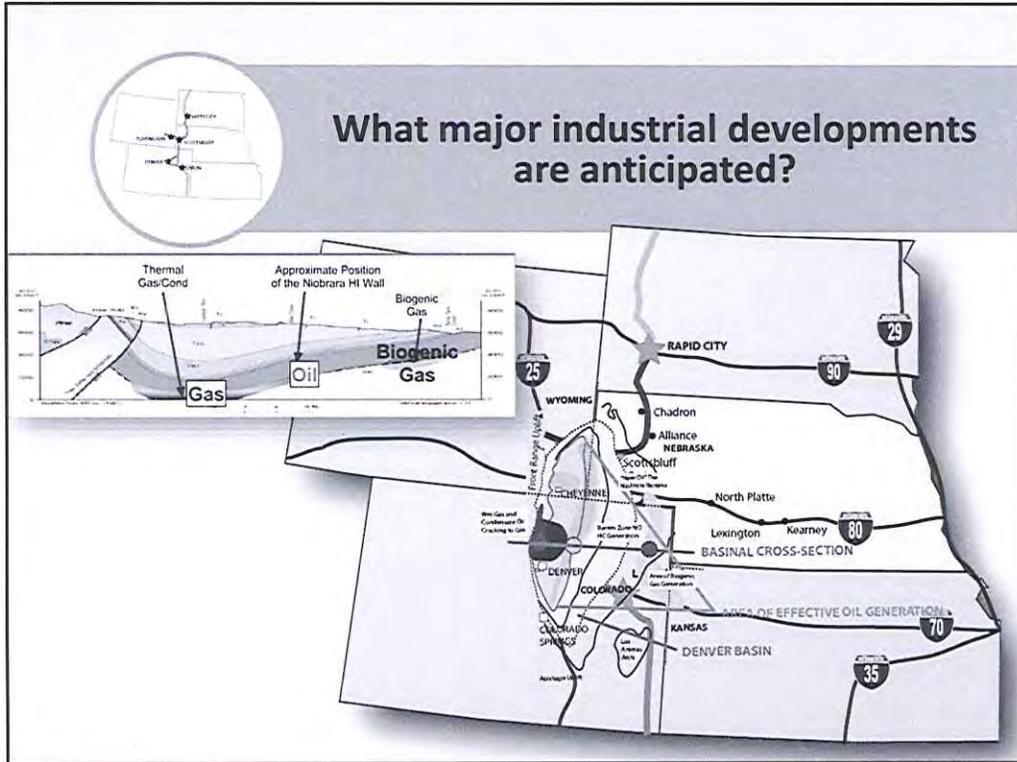

The research and economic forecasting effort involves:

Examining regional population and economic trends and evaluating existing and potential growth in business and industry;

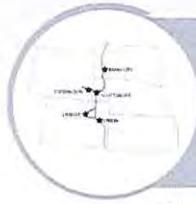

Considering rail and truck freight growth forecasts; and

Considering major industrial activities in the region such as the growing renewable energy sector and nearby oil and gas drilling operations

Based on the local and regional inputs, and by using economic modeling software for an 8 state influence area, benefits in the form of jobs, wages, and overall economic growth in the region will be prepared.

One important example includes new industrial development such as the oil and gas exploration and production of the Niobrara formation is expected to add travel to Nebraska Roads

What are the preliminary ideas emerging from the ongoing studies?

Overall Improvements

- Roadway facility type
- Bypass Warrants
- Upgrade railroad crossings
- Safety conditions

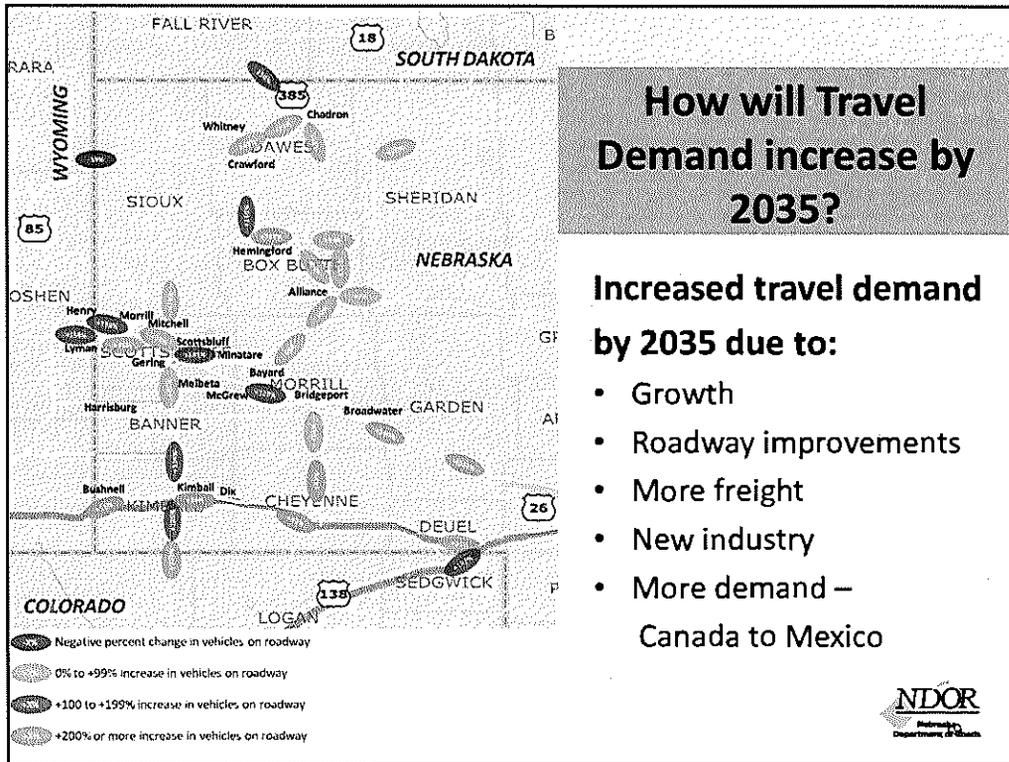

Phased improvements over time

Key ideas emerging from the study so far focus on the intended character of overall improvements to the corridor and forecasts of travel demand by 2035.

The Heartland Expressway Steering Committee has agreed to pursue the following long-term improvement concepts:

- Evaluate roadway facility type to meet regional travel demands
- Evaluation of bypass warrants for local communities
- Upgrading of at-grade rail crossings; and
- Consideration of other major safety improvements.

Other preliminary ideas emerging from the work at this point include identification of the factors expected to increase travel demand within the State of Nebraska by the Year 2035.

While population and economic growth have been limited since 2000, various factors reflect the potential for considerable growth by the Year 2035. Roadway capacity, safety and other facility improvements in Nebraska is anticipated to cause more travel through Nebraska than would be expected otherwise.

This figure shows travel demand growth by the Year 2035. The blue numbers represent locations that would experience an increase up to 99% over the Year 2010 travel demand, the purple numbers represent areas that would experience a growth of 100 to 199%, while the locations shown in green represent areas that will experience a 200% increase or higher over the next 25 years upon completion of Ports to Plains Alliance Corridor and the development of oil and gas industry.

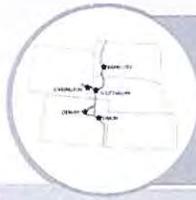

What will the *Environmental Review* include?

- Guidance on future environmental steps
- Identification of environmental resources and constraints within the corridor
- Evaluation of potential impacts
- Agency coordination

The environmental review will provide:

- A high-level planning study to help guide future environmental documentation under the National Environmental Policy Act or NEPA.
- Details to better understand specific resources and constraints within the corridor and
a description and evaluation of potential impacts to the natural and human environment.
- Coordination with the Federal Highway Administration, US Fish and Wildlife, US Forest Service, State Historical Society, Nebraska Game and Parks, and other resource agencies regarding important environmental resources

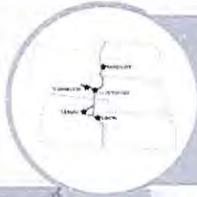

What are the key natural resource issues?

Threatened and Endangered Species:

Swift Fox
Blacknose Shiner
Blowout Penstemon
Finscale Dace
River Otter
Red-bellied Dace

A wide range of natural and human resources are present in the project corridor. Natural resources such as rivers and streams and their associated habitats will be protected along with habitats of threatened and endangered species.

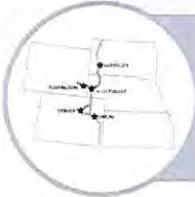

What are other key issues?

- Historical and Archeological Sites and Artifacts
- Community Facilities, Parks, Open Spaces
- Residential Areas and Commercial Districts
- Disadvantaged Populations
- Agricultural Operations and Facilities (Canals)
- Railroads
- Noise
- Air Quality
- Hazardous Materials – Sites/Spills

Other key resources to be protected include community or human resources such as parks, historic sites, neighborhoods, businesses and air quality, to name a few.

What are the next steps?

Schedule

Environmental reviews

Analysis of corridor costs and benefits

Finance plan

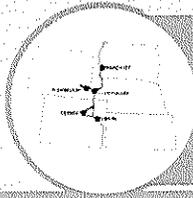

Identification of Impediments

The next steps involve considering public input and then further analysis to develop a Draft Corridor Development and Management Plan for public review. The steps include:

- Creating a timetable for completion of all planning and development activities and environmental reviews and permits;
- Incorporating the results of environmental reviews;
- Development of a complete analysis of corridor costs and benefits;
- Creating a finance plan, including alternative financing; and
- The identification of any impediments to the development and construction of the corridor, including any possible environmental, social, political, and economic objections.

Comments will be addressed and a final plan will be prepared and approved by the Steering Committee.

How can I make a comment and participate in the study process?

You are invited and encouraged to provide relevant comments at this meeting and continue to participate in the process.

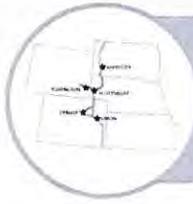

Your comments can be submitted on the project comment sheet or you can send a letter or an email message to the following address:

The comment sheets may be taken home and submitted later. They include pre-paid postage for your convenience.

A public meeting summary will be prepared. All relevant public comments recorded on the comment sheets or otherwise provided in writing by October 28, 2011 will be made part of the official meeting record.

The public will have an opportunity to attend a second public meeting in the spring of 2012 where additional information and outcomes will be available and subject to public comment. For more information about the project and project updates, please go to the project website:

The final report will be placed on the Nebraska Department of Roads website.

Thank you!

HEARTLAND EXPRESSWAY CORRIDOR DEVELOPMENT AND MANAGEMENT PLAN

WHAT WILL THE HEARTLAND EXPRESSWAY CORRIDOR DEVELOPMENT AND MANAGEMENT PLAN ACCOMPLISH?

- Define needs
- Identify issues and requirements
- Establish planning level costs
- Establish priorities
- Develop a schedule
- Identify funding

ECONOMIC DEVELOPMENT CONSIDERATIONS

How are economic development considerations and the economic impacts of roadway investments being considered?

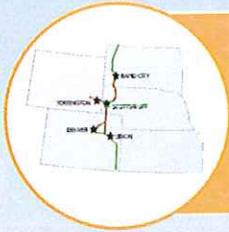

Coordination with Industry Leaders

Research and Evaluation of a Multi-State Economic Influence Area in terms of:

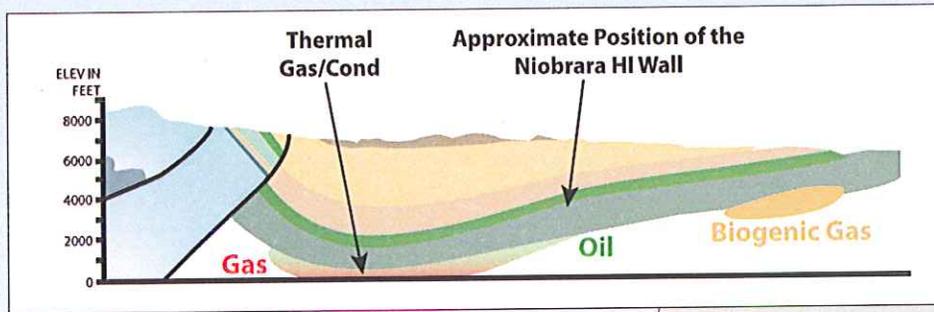

- Population and Economic Trends and Forecasts
- Rail and Truck Freight Growth
- Major Industrial Activities
- Economic Benefits from Roadway Infrastructure Investments

Development of Forecasts

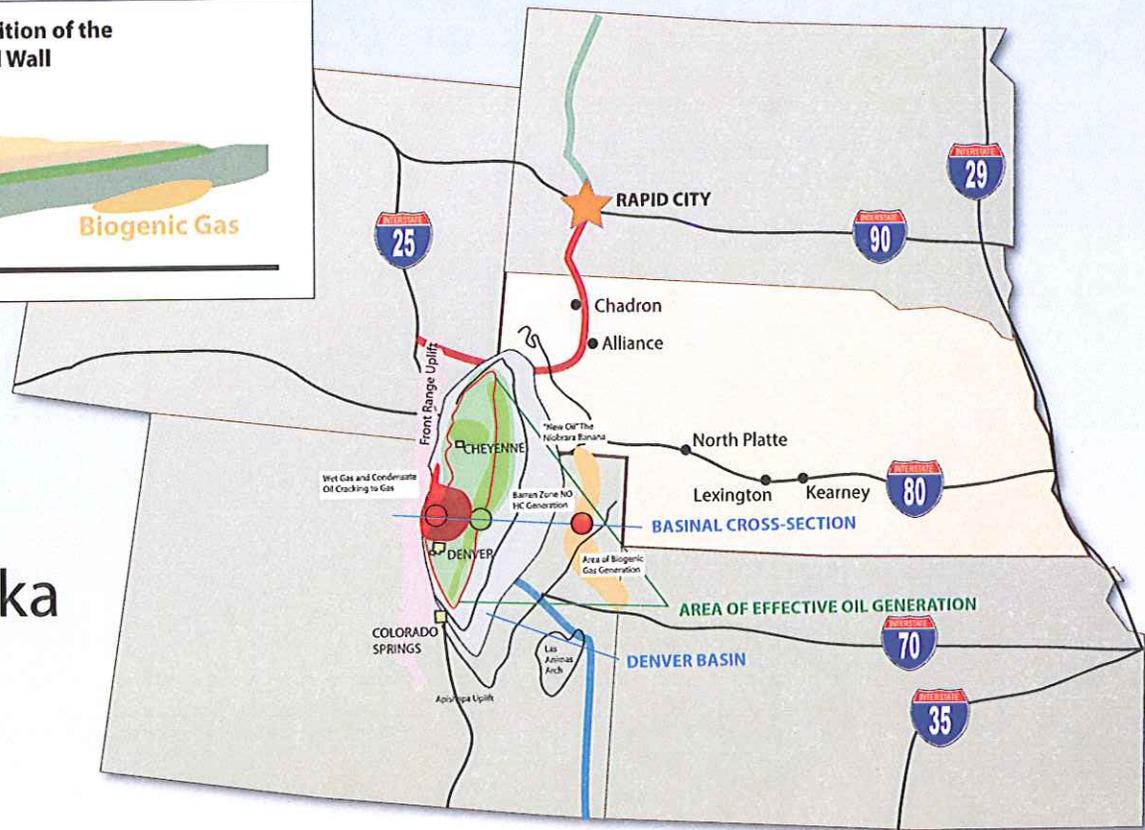

WHAT MAJOR INDUSTRIAL DEVELOPMENTS ARE ANTICIPATED?

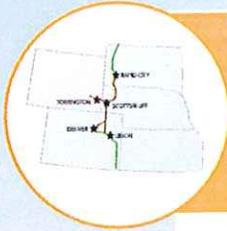

- Niobrara Formation Located in Wyoming, Colorado and Nebraska
- Renewable Energy

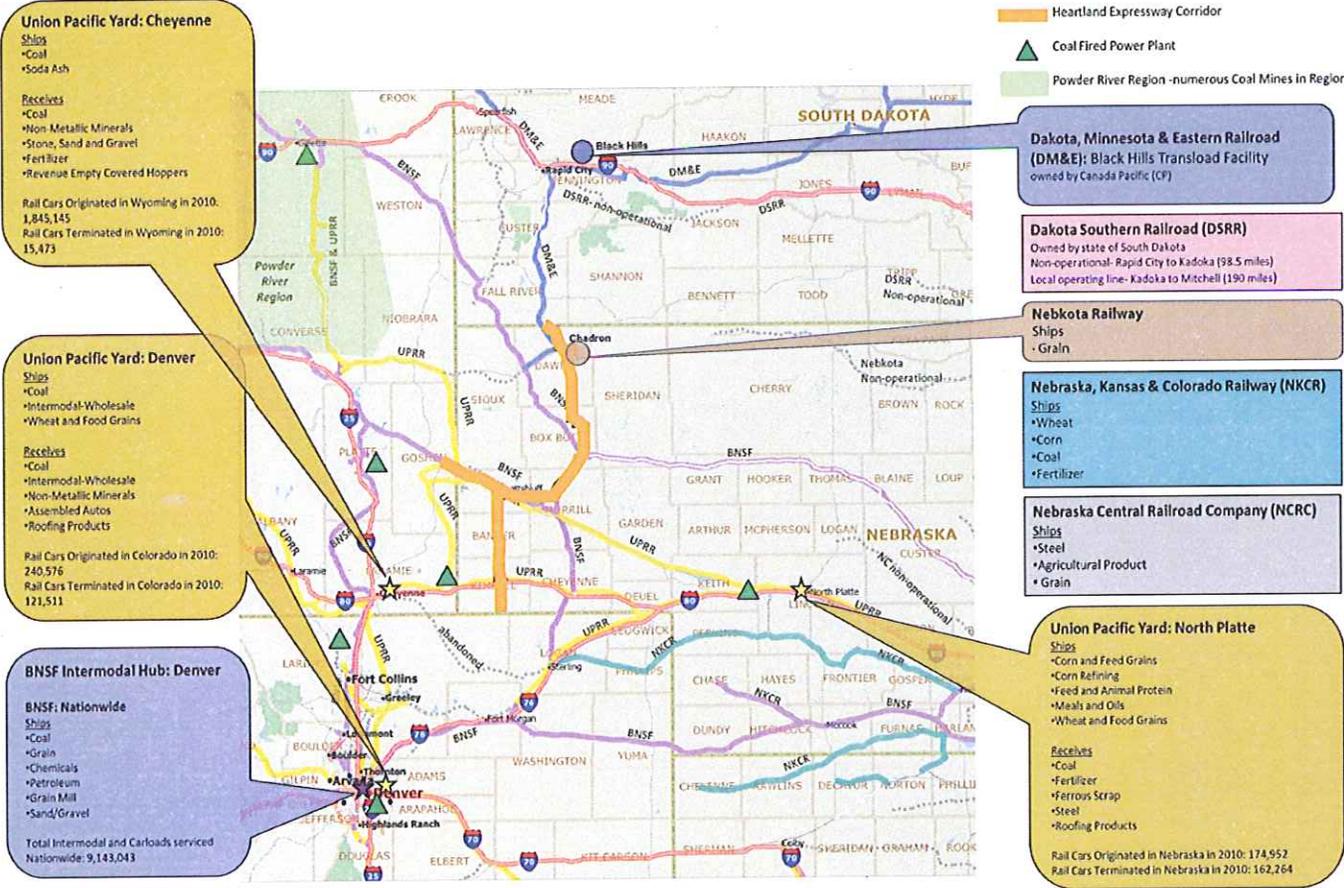

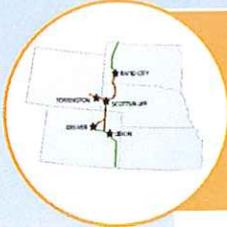

HEARTLAND EXPRESSWAY

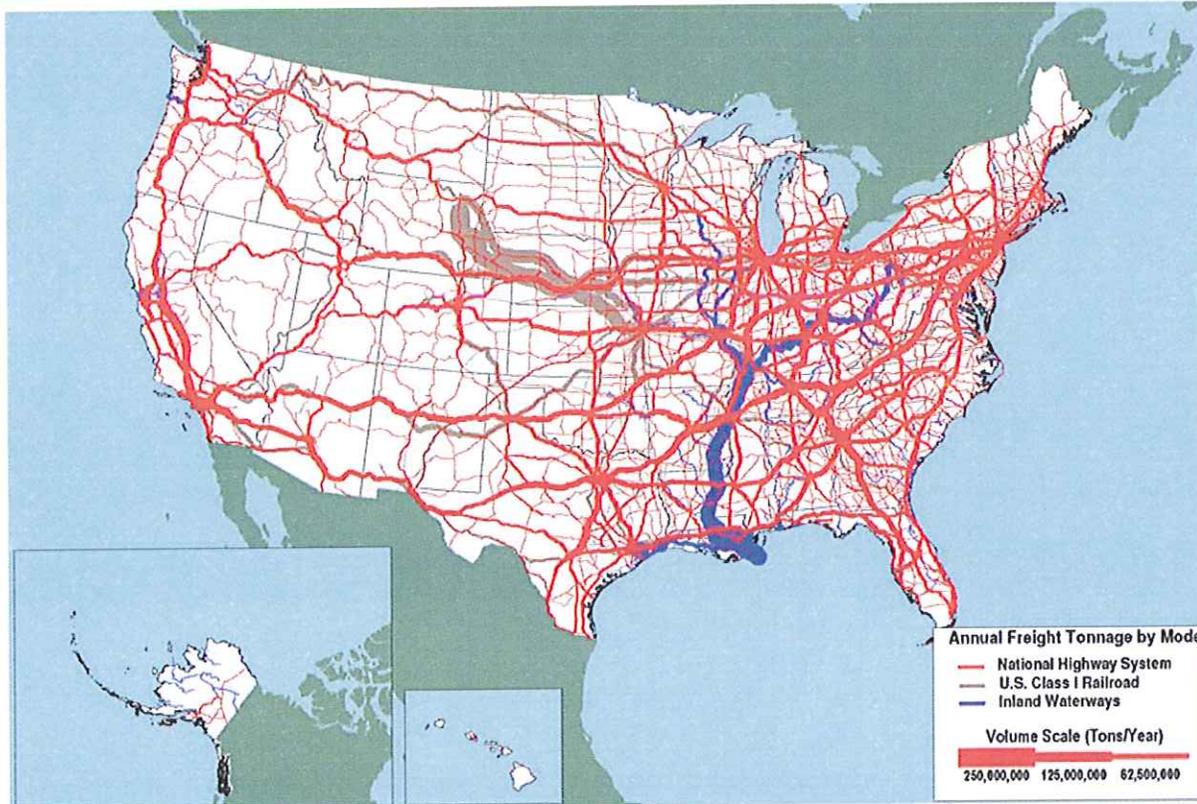

EXISTING RAILROADS

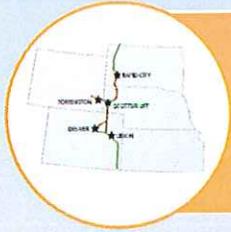

TONNAGE ON HIGHWAYS, RAILROADS and INLAND WATERWAYS: 2007

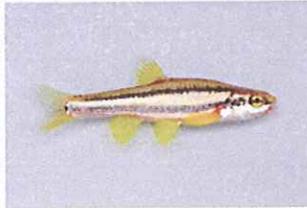

Sources: Highways: U.S. Department of Transportation, Federal Highway Administration, Freight Analysis Framework, Version 3.1, 2010. Rail: Based on Surface Transportation Board, Annual Carload Waybill Sample and rail freight flow assignments done by Oak Ridge National Laboratory. Inland Waterways: U.S. Army Corps of Engineers (USACE), Annual Vessel Operating Activity and Lock Performance Monitoring System data, as processed for USACE by the Tennessee Valley Authority, and USACE, Institute for Water Resources, Waterborne Foreign Trade Data, Water flow assignments done by Oak Ridge National Laboratory.

ENVIRONMENTAL CONCERNS

TRAFFIC FORECAST SCENARIOS

Existing and Future Baseline Conditions

2010 Existing Traffic:

This scenario serves as the baseline condition and applies existing traffic counts. The baseline condition is compared to the 2035 forecast scenarios to establish anticipated differences attributable to various factors.

2035 without Improvements:

This scenario evaluates 2035 conditions based on traffic counts and growth trends, but does not reflect traffic that may result from making transportation improvements that would draw additional vehicles into the Heartland Expressway Corridor. This scenario is often referred to as the “No Build Alternative”

Future “Build” Conditions

2035 With Heartland Improvements:

This scenario highlights how improvements within the boundaries of the Heartland Expressway Corridor would influence 2035 traffic volumes.

2035 With Heartland Improvements and Niobrara Activity:

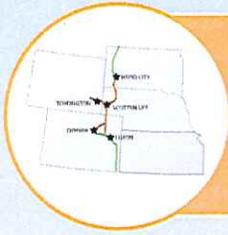

This scenario reflects the future importance of transportation increases associated with anticipated natural resource extraction activities involving the Niobrara formation.

2035 With All Great Plains Trade Corridor Improvements:

This scenario highlights how improvements along the entire Great Plains Trade Corridor would influence 2035 traffic volumes without considering impacts of the Niobrara activity. This scenario includes the Heartland Expressway Corridor improvements.

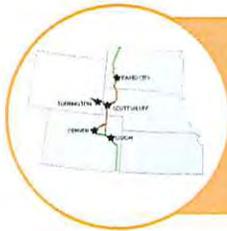

2035 With All Great Plains Trade Corridor Improvements and Niobrara Activity:

This is the long-term ultimate scenario reflecting all of the primary conditions that are expected to influence future traffic by 2035.

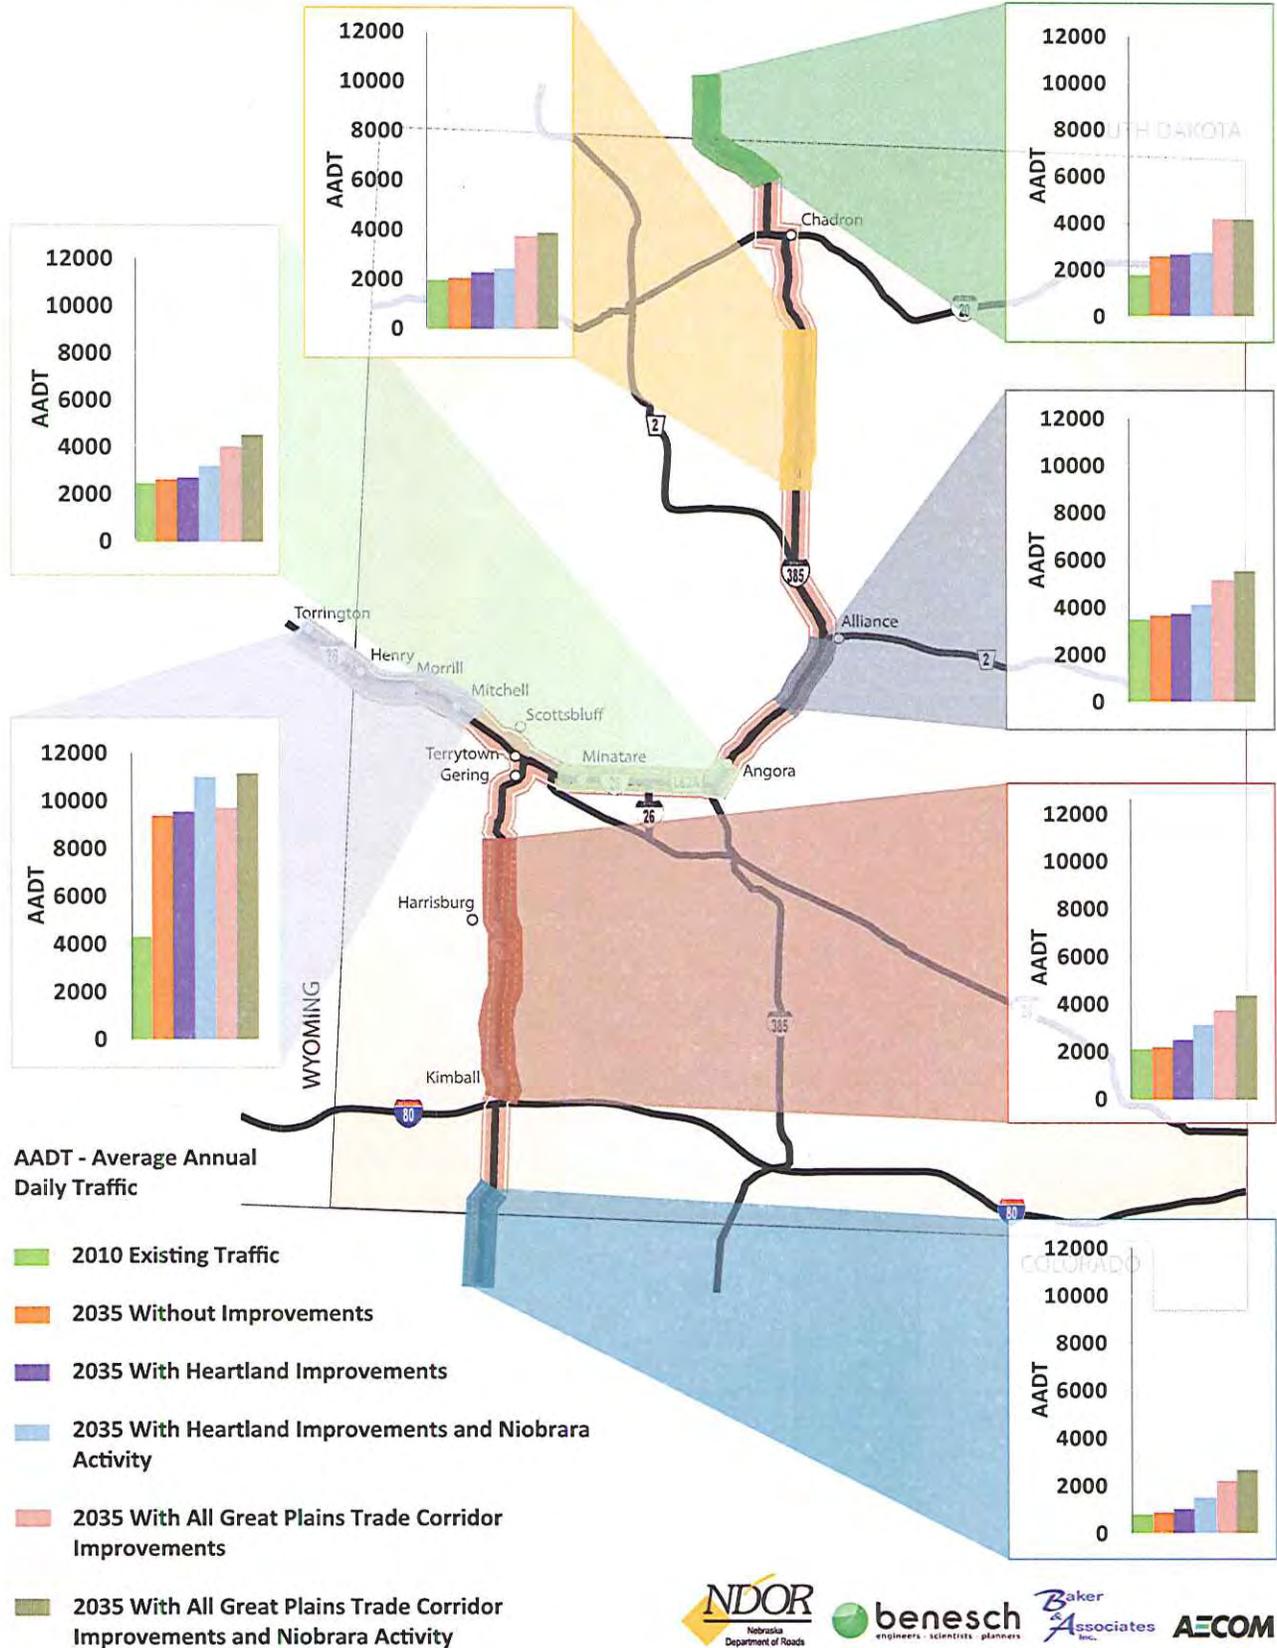

Assumptions for Corridor Scenarios

| Scenario/ Assumptions | Population Growth | Economic Conditions | Travel Behavior | Anticipated Freight Activity | Major New Industrial Development (Niobrara) |
|---|--|---|---|--|---|
| 2035 With Heartland Improvements | No Change from No Build, 15% increase from 2010 | Baseline economic conditions same as No Build | Some shifting of travel demand to the Heartland Corridor, overall 9% increase over No Build | Some shifting of Freight demand to the Heartland Corridor, overall 8% increase over No Build | No Change from No Build |
| 2035 With Heartland Improvements and Niobrara Activity | A 7% increase in the Panhandle area over No Build | Significant additional development due to the increased energy activity | 30% increase over No Build | 52% increase over No Build | Niobrara Play energy development |
| 2035 With All Great Plains Trade Corridor Improvements | A 7% increase in the Panhandle area over No Build | Baseline economic conditions same as No Build | 63% increase over No Build | 103% increase over No Build | No Change from No Build |
| 2035 With All Great Plains Trade Corridor Improvements and Niobrara Activity | A 13% increase in the Panhandle area over No Build | Significant additional development due to the increased energy activity | 70% increase over No Build | 124% increase over No Build | Niobrara Play energy development |

HOW WILL TRAFFIC INCREASE IN THE FUTURE?

10/13/2011

This project is vital to the citizens of Nebraska. The current economic condition of the western part of Nebraska is dire. Economic development is crucial to the survival of our area.

Having this expressway completed would give the boost needed to compete against larger population centers. Growth in western Nebraska should be important to the rest of the state!

It is difficult to build based on current traffic counts but it is important to look past this to the future and the good this road can do for the entire state of Nebraska!

Thank you for allowing my input!

I think we have to Build the Expressway & lanes
ALL the way through - I own business in Chadron
Scottsbluff & Rushville - IN the .ERA of our President
saying he is investing in Hwy's to spark the economy
Now is the time to get this Project going and done and
most importantly Done Right - if you build it
they will come - it is the Major artery of the US for
trucks in to the Black hills & for trade - but if you
build it only with "Improved" passing lanes, they will
Not come (use it) In this day an age of extreme gas
prices - the savings are huge and imposed at a trade
of Family car travel 5-10mph faster - it Adds -UA!!
Also I would like to see it follow 385 thru ~~Scottsbluff~~ Chadron
then turn instead of going AROUND -

I first want to thank you for the opportunity to comment on the Heartland. We are business people from Chadron, Ne. We first want to make it clear that the by-way should not By-pass Chadron, but go through Chadron, w/four lane at intersection 385+20, with a light at that intersection and on north Louping back to 385 north. This would be on the west side of town & easily could go through feasibly better than any other route. Economically this would be good for Chadron for traffic with ~~tourism~~ tourism & trucking, or any Commerce. Any proposed by way would hurt the Chadron business community.

Oct. 13, '11, 4:30-7:30 PM MDT; Gering Civic Center

As a board member of the Heartland Express I know how important the 4 lane express way is to not only western Nebraska but the whole midwest. I want to also express my concern on traffic safety going thru the sandhills. At this point in time there are too many hills and curves ~~th~~ in the L62 A junction area to 10 miles south of Alliance. During the fall & winter months of the year the traffic count goes up drastically with the additional rehaul semi trucks hauling beats to the factory. With the addition of the 4 lane in this area it would create a much safer environment.

Oct. 13, '11, 4:30-7:30 PM MDT; Gering Civic Center

We highly encourage continue development of Heartland Expressway and the connector expressways of the trade corridor. This area is ripe for development if the proper infrastructure is put in place. We have the right people, the right expertise, and the 'can do' attitude that would benefit greatly from the completion of this project.

TCSP-71-2(112) Heartland Expressway; C.N. 51436
Oct. 13, '11, 4:30-7:30 PM MDT; Gering Civic Center

My concerns I have about the Heartland Expressway is building the corridor and having it bypass the town of Chadron and my truck fuel stop location. I'm in favor of the Heartland Expressway and I believe it needs to be a four lane hiway instead of a Super Two. My huge concern is bypassing my business and town of Chadron were it could hurt other business. A consideration is to build this corridor straight north off of ~~US~~^{SP.} 385 and building the Corridor between my business and the Taco Johns location to the west of us.

At the intersection of Hwy 20 & 385 a stop light would be beneficial to control the congestion of traffic. This four lane hiway would create more traffic and bring a huge economical impact to Chadron. We are the Gateway to the Black Hills of South Dakota.

Subject: Re: Heartland Expressway Corridor Plan comment

I am re-sending this to all. Apparently Mr. Weinert's name is misspelled in the email address in the linked document below. The correct address is: greg.weinert@nebraska.gov
Hopefully this one does not bounce...

Regards!

Kent

On Thu, Oct 13, 2011 at 9:09 PM, Kent Miller <kentmillersmail@gmail.com> wrote:

Dear Mr. Weinert,

I was unable to attend tonight's Information Open House for the Heartland Expressway Corridor Plan, Project No. TCSP-71-2(112), Control No. 51436. This project has the potential to expand the safe-riding corridors for Nebraska cyclists. I want to encourage NDOR to take every possible measure to provide for future cycling needs on this project. If we make our roads safe for cyclists we make our state a better place to live.

I plan to pass this along to some of my cycling friends who I know may also wish to comment on this before the end of the 10day comment period. For them I say, feel free to pass this along and see info [here!](#) And NDOR does consider your comments.

Thanks!

Kent

I recently drove down to Fort Worth, Texas and came back through the Texas Panhandle - Southeast Colorado, Limon. I was struck by the number of hay trucks going South - many from Nebraska, I'm sure, due to the extreme drought. I was mostly on two-lane roads. Although rail traffic is suppose to be cheaper, hay trucks + cattle trucks will always be around. I went through Cactus, TX which has a new JBS packing plant right on the highway. Cactus, TX is home to the Cactus Feeders' feedyard which is the largest in the United States, I believe 140,000 head - actually 9 different feedyards. I am involved in farming and cattle feeding so I very much support good highways in our area.

TCSP-71-2(112) Heartland Expressway; C.N. 51436
Oct. 13, '11, 4:30-7:30 PM MDT; Gering Civic Center

- * Traffic Volume effectiveness of 4 lanes ^{upper} S-2
50 line past Chadron only needs a 2 lane
- * ROI - How is this calculated - Accuracy of assumptions at this stage of the local, state, regional, national, global. Assumptions & predictions of economy of have not been accurate ⁱⁿ recent past
- * Maintenance - Cost of maintaining 4 lanes is a burden on local resources.
- * Long term safety economics need to be addressed and a win/win needs to be found for Chadron & NE DOR.
- * Native American - Historical - Virtually all of Lakota History took place in pine covered hills of NE. Would like to work with NE DOR on this issue.

Steering Committee - Would volunteer

Sent: Friday, October 21, 2011 1:45 PM
To: Weinert, Greg
Subject: Heartland Expressway Corridor Development and Management Plan

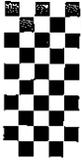

Greg – I visited on the phone with Mr. Charles Mulloy about the subject project. Mr. Mulloy is opposed to improvement to the Heartland Expressway Corridor due to the high cost to make improvements, coupled with the fact that neither the state or federal government are in financial position to provide funding for such improvements. Mr. Mulloy was also opposed to the route selected and favored a more east / west route that he drives more frequently.

Mr. Mulloy's contact information is as follows:

Mr. Charles Mulloy
10746 Road 126
Angora, NE 69331
Cell phone (308)760-8259

Mr. Mulloy mentioned that he made similar, written comments for the L62A to Alliance project on US-385. He requested that you add the above information to the transcript for the subject project.

Oct. 13, '11, 4:30-7:30 PM MDT; Gering Civic Center

Box Butte Co. needs the rest of the Heartland Expressway completed for future Economic Growth.

This is an Economic tool for both Alliance, Hemingford and our neighbors to the north, Chadron.

Please contact me about your next public hearing. We would like to host it here in Alliance, NE.

Thanks,
Chelsie

GREETINGS FROM SCOTTSBLUFF

HAVING TRAVELED (+) (OR) DRIVEN
BETWEEN SCOTTSBLUFF + ALLIANCE
FOR SOME "70" YEARS I FEEL
SOMEWHAT FAMILIAR WITH THE
ROUTE. — SO MANY IMPROVEMENTS
SINCE HIGHWAY "19" — HOWEVER,
SAFETY IMPROVEMENTS NOW WOULD
BE GREATLY APPRECIATED. — THAT
BEING ADDITIONAL LANES! — AS FOR
DISTURBING THE SINDY SIZES IN THAT
AREA (385 ANBORA HILL TO COUNTY LINE)
I CAN ONLY ASK THAT THE CONTRACTOR
HAS SKILLS & EXPERIENCE DEALING WITH IT.

AND PERHAPS WORDING THE CONTRACT
TO ALLOW FOR THE INSPECTION & FOLLOW-UP
— SAY IN 2-3 YEARS TO NOTE IF
THEY NEED TO COME BACK TO CORRECT
BAD SPOTS & BLOWOUTS. — IT IS ALSO
DISAPPOINTING TO SEE (AFTER A FEW
YEARS AFTER A ROAD PROJECT IS
COMPLETED) TO SEE A CREW OUT "TAMPING"
OR "THUMPING" THE HIGHWAY TO FIND
BAD SECTIONS AND THEN LATER SEEING
OTHER CREWS OUT CUTTING-OUT SECTIONS
& REPLACING THE BAD SPOTS —
WITH SO MUCH MORE CAR & TRUCK
TRAFFIC IT IS IMPERATIVE TO HAVE
MORE LANES ESPECIALLY THRU THE SANDHILLS.

THE MUD HENS THAT FREQUENT THE SMALL DUCK PONDS ALONG THE WAY (WHEN THE PONDS HAVE WATER, A SHORT TIME OF YEAR, CAN PROBABLY RELOCATE TO LANG LAKE — I SOMEWHAT REMEMBER ALL THE 'FUSS' ABOUT THE WETLANDS JUST TO THE EAST OF POTTSBLUFF WHEN THAT SECTION OF THE ROAD WAS IMPROVED — IT APPEARS NOW THAT THE CONDITIONS HAVE BEEN VASTLY IMPROVED. — OVER THE LAST 20 OR SO YEARS DRIVING THE ROUTE WEEKLY HAVE NOTICED SOME CHANGES — SUCH AS — "TURTLES" — 15-20 YEARS AGO TURTLES COULD ALWAYS BE SEEN CROSSING THE ROAD. BUT FOR THE LAST 10 YEARS OR SO "NO TURTLES"!

PERHAPS THEY HAVE LEARNED NOT TO CROSS THE ROAD OR PERHAPS THEY ARE NO MORE. — MORE LIKELY THE IMPROVEMENTS TO THE RAILROAD TRACKS (MORE BALLAST) (TIE TAMPERS) ETC. HAS MADE IT IMPOSSIBLE FOR THE TURTLES TO CLIMB OVER THE RAILS (NOT MUCH OPEN SPACE BETWEEN THE CROSS TIES. (NOT AS MANY RATTLESNAKES EITHER. BUT PROBABLY FOR OTHER REASONS.

— WHAT IS SAD THESE DAYS IS THE SCARCITY OF THE STATE PATROL DOING A BETTER JOB OF CONTROLLING THE SPEEDERS & CARELESS DRIVERS — WAL-MART & NTC DRIVERS SEEM TO BE THE ONLY PROFESSIONALS. — WHILE SOME OF THE BEET TRUCK DRIVERS & CATTLE TRUCK DRIVERS ARE A HAZARD — SOME HAVE BEEN VERY LUCKY WITH NEAR MISSES. IT IS FRIGHTENING TO HAVE A CATTLE TRUCK COMING STRAIT AT YOU (ON YOUR SIDE OF THE ROAD) AS YOU APPROACH THE CREST OF A HILL. — HAD I KNOWN THERE WAS GOING TO BE A SURVEY ABOUT THAT I COULD HAVE TAKEN NOTES ETC — BUT, AT BEST IT WOULD HAVE BEEN INCOMPLETE IN-AS-MUCH AS IT IS FULL TIME

YES, I KNOW THE PATROL IS A DIFFERENT BEAT BUT IT IS HIGHWAY RELATED.

TASK DRIVING AND TRYING TO
WATCH OUT FOR DEER, PARKED
CARS (NOT QUITE OFF THE ROADWAY,
ALL TERRAIN VEHICLES CROSSING THE
HIGHWAY ~~ROAD~~ (AT FULL THROTTLE)
IGNORING THE STOP SIGNS etc

WHAT EVER HAPPENED TO THE
DEER CROSSING ROAD SIGNS?

HOPEFULLY THE IMPROVEMENTS
WON'T BE HELD UP BY SOME
PLANT LIFE THAT CAN'T ADAPT.

~~AGAIN~~ AS FOR THE SANDY
CONDITION OF THE SOIL —
I HOPE THERE IS A BETTER
SOLUTION THAN THE OLD
TIRES IN THE BLOW-OUTS.

MY DAUGHTER TRAVELS THE
ROAD — ALLIANCE TO SCOTTS BLUFF
& BACK EVERY WEEK DAY —
WILL TOLERATE AT BEST THE
CONSTRUCTION — BUT WILL
LATER APPRECIATE THE IMPROVEMENTS.

HAVING DRIVEN IN MANY STATES
AND TRAVELED IN MANY COUNTRIES
I HAVE ALWAYS FOUND IT
RE-ASSURING TO KNOW WHERE THE

ROADS LEAD. — (SO YOU CAN GET
TO WHERE YOU ARE GOING)

— DO YOU KNOW ???
THAT YOU CAN DRIVE FROM SCOTTSBLUFF
TO ALLIANCE (STAN SAYS 51 MI)
BUT YOU CAN NOT DRIVE FROM
ALLIANCE TO SCOTTSBLUFF ???
"NO SIGN"

THE SIGN ON WEST 3RD OUT OF
ALLIANCE SAYS YOU CAN GO TO
BRIDGEPORT, CHADRON OR
CRAWFORD — AND AS YOU
TURN SOUTH ON 385 YOU CAN GO
TO ANBORIA OR BRIDGEPORT. —
I THINK IT WOULD BE A
COURTESY TO THE TRAVELING
PUBLIC TO ADD SCOTTSBLUFF
AS THE THIRD DESTINATION
(MANY OF THE OTHER ROAD SIGNS
HAVE 3 CITIES SHOWN)

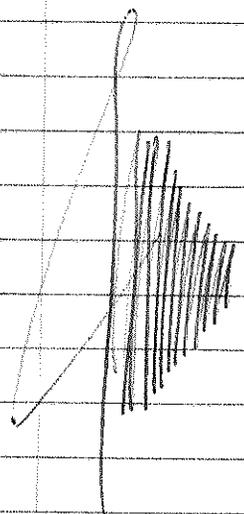

— YES I KNOW MANY NOW
HAVE TECHNICAL STUFF etc BUT
OTHERS DO NOT — DRIVERS SHOULD
HAVE THEIR EYES & MIND ON THE
ROAD — NOT ON SOME CLEVER
DEVICE — ESPECIALLY AT NIGHT!

— I HAVE ALSO NOTICED THE
IMPROVEMENTS IN THE ROAD
MATERIALS — THE CHANGES

FROM Y-E-A-R-S AGO
OF THE OIL & BLOWSAND
HIGHWAY WITH ALL THE POTHOLES
TO NOW THE NEWER MATERIALS
(LATEST OVERLAY SOUTH OF ALLIANCE)
WICH FINALLY, LIKE EUROPE,
IS OR APPEARS TO BE A LARGER
AGGREGATE -

"I HAVE NO MORE WORDS!"

WITH KIND WISHES
AND BEST REGARDS!

TCSP-71-2(112) Heartland Expressway; C.N. 51436
Oct. 13, '11, 4:30-7:30 PM MDT; Gering Civic Center

We feel the effort and money used on the Heartland Expressway Corridor could be better directed. In our opinion, no good reason or need is expressed for this development. People will come if there's no expressway - if they can afford to travel and if they want to. We feel the EPA and government need no more control over our private property and a corridor means they will have more power - especially when you use their financial help!

The Department of Roads and the State Highway Commission appreciate your input. Your comments and questions will be reviewed by appropriate Department personnel.

Thank you for participating.
