

Vision 2032 Stakeholder Survey

The Vision 2032 Stakeholder Survey is now closed. Thank you Nebraska for a great response with over 4,000 respondents! We received responses from the public, transportation associations, businesses, as well as local, state, tribal and federal government leaders from across Nebraska. Results of the Vision 2032 Stakeholder survey will be posted on this webpage in the Fall. The Vision 2032 Stakeholder survey was just one of many steps in the development of the Vision 2032 Long Range Transportation Plan. Vision 2032 will be an overarching policy guide that establishes the goals, objectives and the strategies to address the core challenges and opportunities facing Nebraska over the next 20 years. Your input is vital throughout the planning process to the development of Vision 2032. To share your vision for Nebraska's transportation future or to be informed of upcoming Vision 2032 activities and updates please visit our website at: www.roads.nebraska.gov/lrtp/vision2032/. We can't do it without you!
