FOR IMMEDIATE RELEASE

Bridge Work on the Sherman Reservoir Canal Bridge on N-58

Weather permitting, M.E. Collins Contracting Co. of Wahoo, Nebraska and the Nebraska Department of Roads (NDOR) are announcing the start of work beginning August 15 on the Sherman Reservoir Canal Bridge on N-58 north of Loup City. The purpose of the project is to repair the bridge deck, add a bridge deck membrane and replace the guardrail and bridge rail leading up to and on the bridge.

During construction, the bridge will be closed to one lane and have temporary traffic signals with an 11-foot width restriction. This \$166,755 portion of the statewide projects in Districts 3 and 4 totaling \$4,149,233 is anticipated to be completed by October.

The NDOR's manager for this project is Eric Klein of Grand Island. Motorists are reminded to expect delays and to drive cautiously through construction zones.
